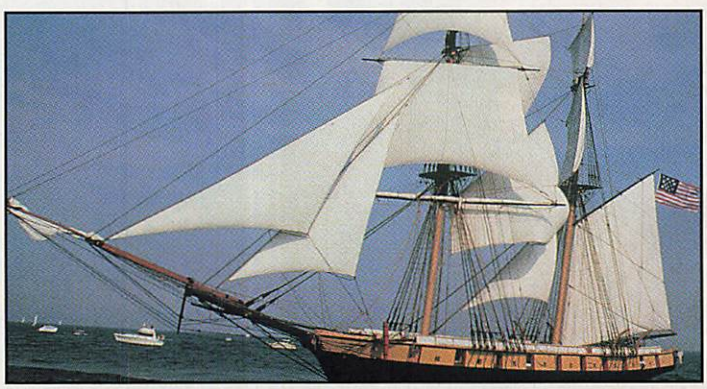
# WELCOME TO P

PENNSYLVANIA'S RICH CULTURAL DIVERSITY AND OUR PIVOTAL ROLE IN AMERICAN HISTORY DATES BACK MORE THAN 300 YEARS, WHEN THE QUAKER WILLLIAM PENN ESTABLISHED "PENN'S WOODS" AS A HAVEN FOR THE OPPRESSED. SETTLERS CAME HERE WITH A VARIETY OF ETHNIC BACKGROUNDS, SAVORED THEIR NEW FREEDOMS AND THEN PUT THEIR LIVES ON THE LINE TO PRESERVE THEM.

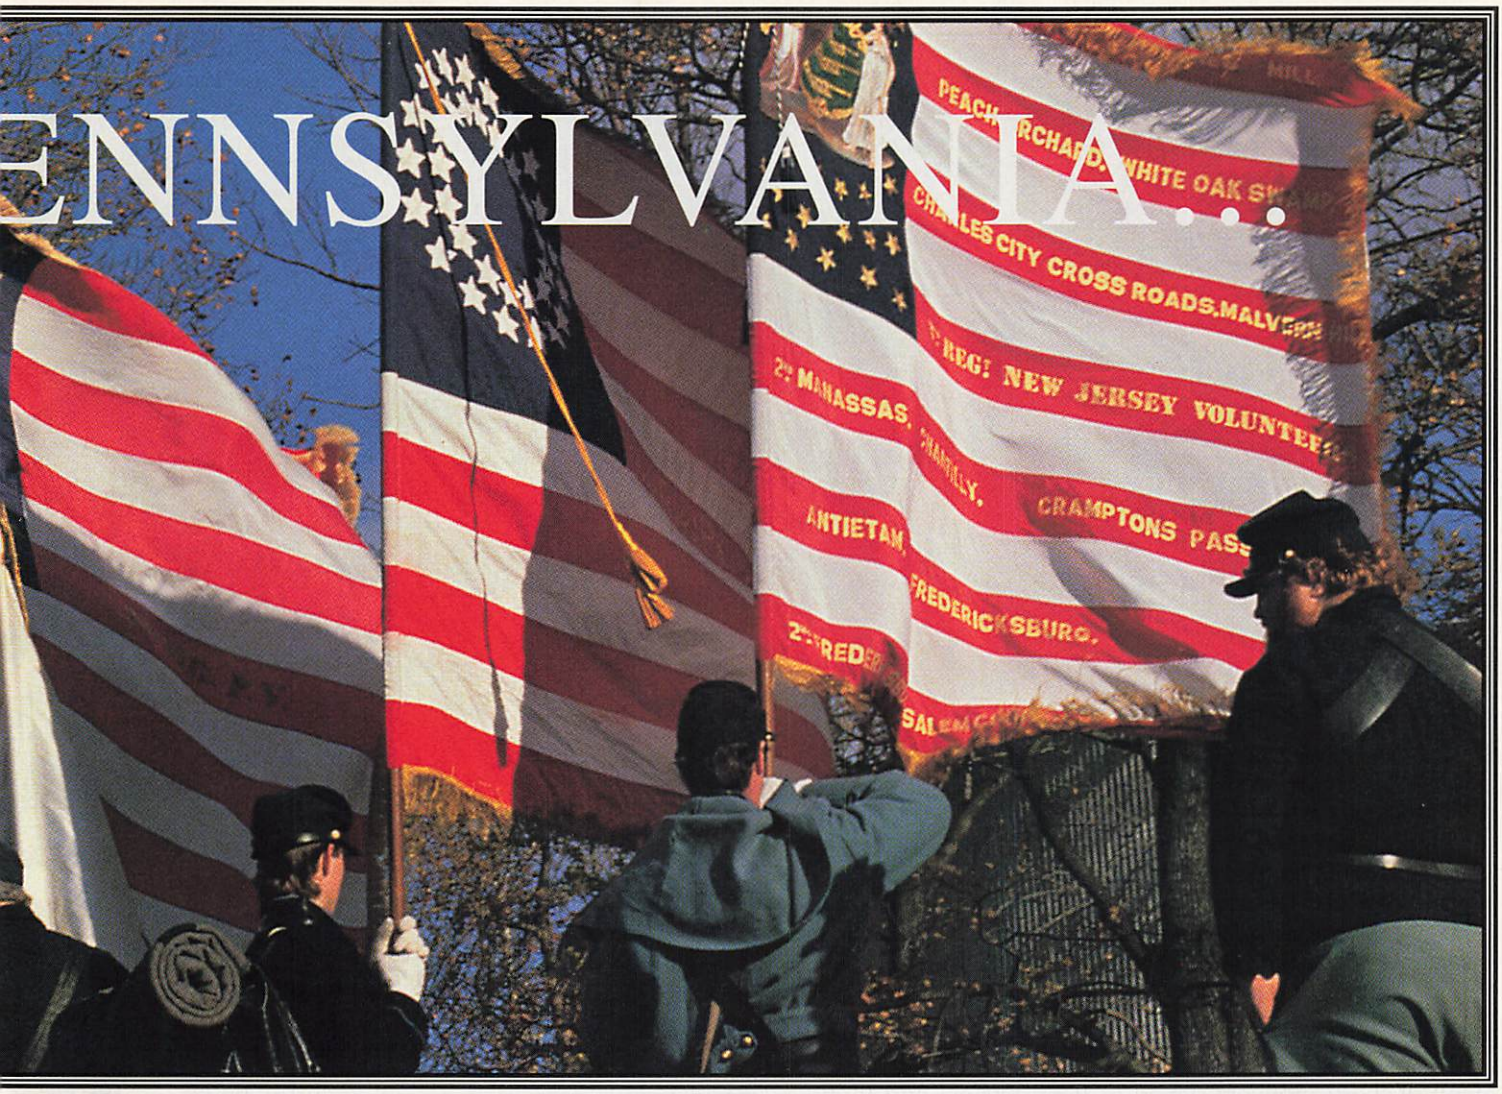
Pennsylvania became known as the "Keystone State" due to our key location in the center of the original 13 colonies. Therefore, it is not surprising that many of the events that formed the fabric of our nation happened right here in Pennsylvania.

Indeed, our Commonwealth has a history that is rich in new beginnings - from the signing of the Declaration of Independence in Philadelphia to the rebirth of our nation on the Civil War battlefield at Gettysburg, to the important technological advancements that got their start during the Industrial Revolution.

You can travel backwards in time and walk the same cobblestone streets in Philadelphia where Benjamin Franklin, Thomas Jefferson and George Washington walked.



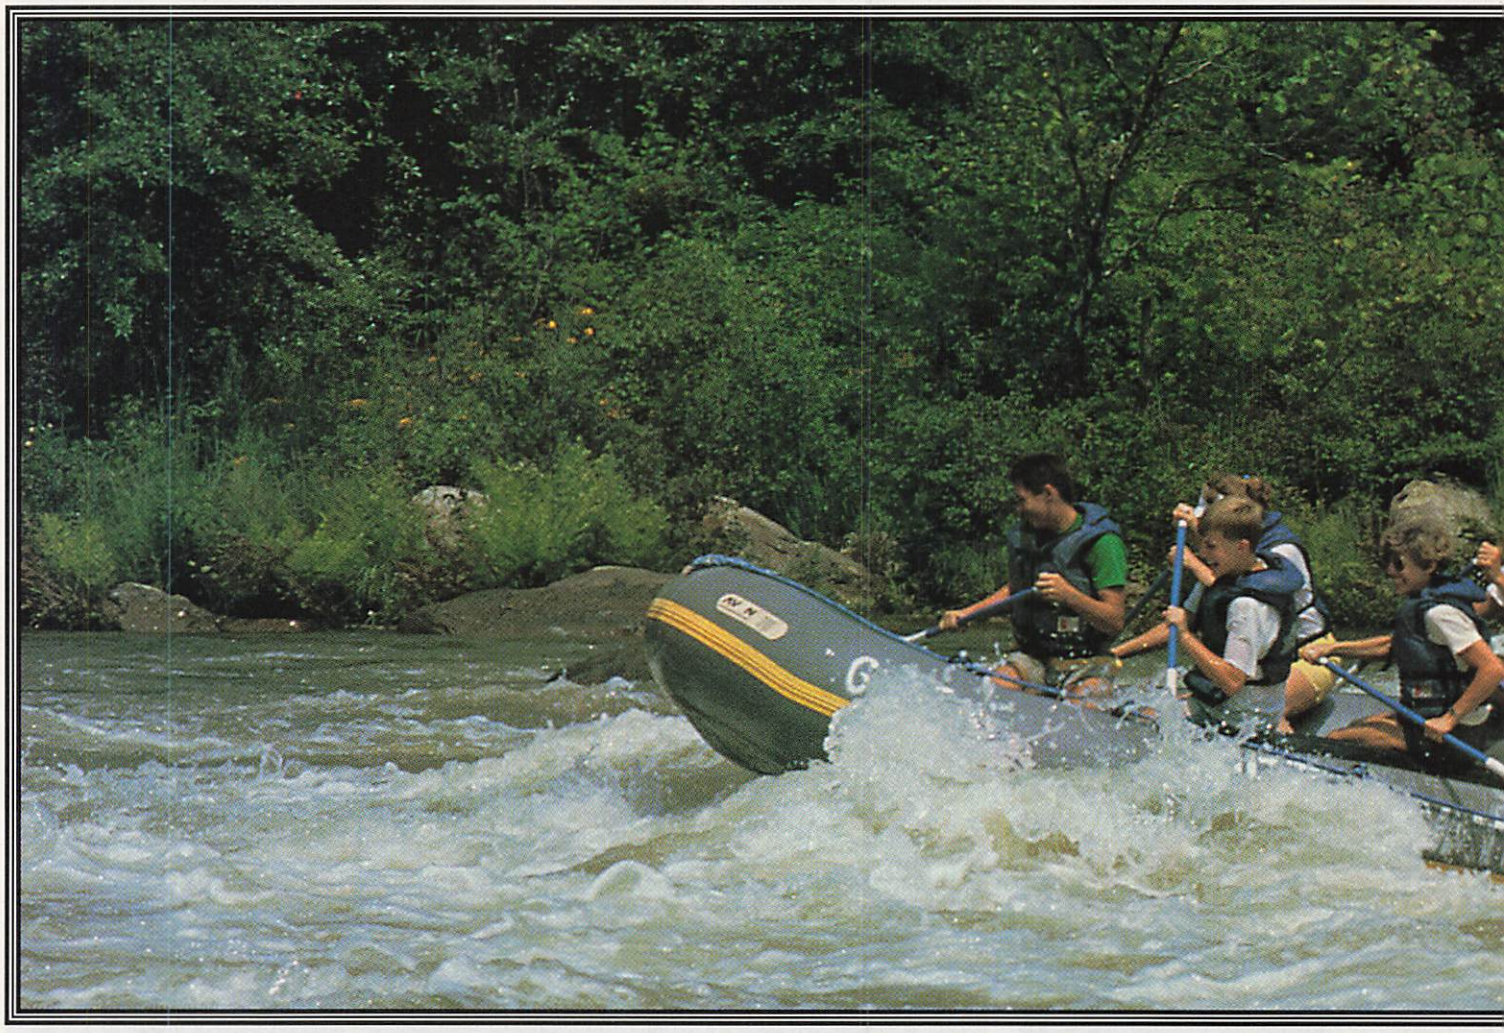
# ENNSYLVANIA...



And a visit to Valley Forge National Historical Park gives you a taste of what life was like for George Washington and his troops during the American Revolution.

On the other side of the Commonwealth, Colonel Henry Bouquet led his men to victory during the Battle of Bushy Run in the French and Indian War. Fort Pitt, which overlooks Pittsburgh's three rivers, was the site of a key battle in that war. Erie is the home port of one of the last remaining early 19th-century warships, the U.S. Brig Niagara. It served Commodore Oliver Perry well in his victory over the British in the War of 1812 and serves today with distinction as the Commonwealth's official flagship.

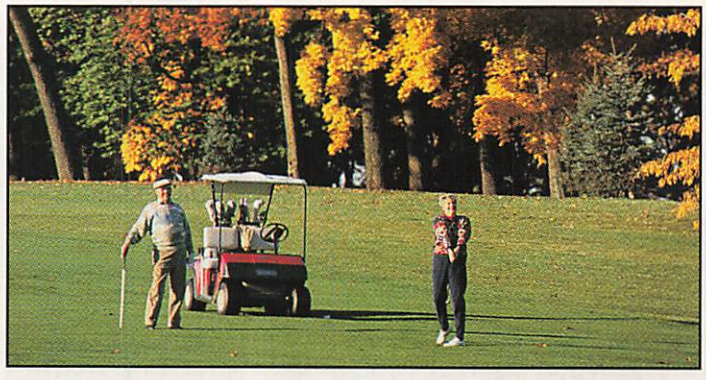
Near Lancaster, the Conestoga wagon was introduced and gave pioneers a practical means to move into the wilderness and carve out new opportunities for themselves.



Many of these pioneers stayed in Pennsylvania and found peace and harmony. And the Old Order Amish and Mennonites began to build close-knit communities that continue to flourish today.

Another revolution was taking place as Pennsylvanians began to understand the promise of technology through the Industrial Revolution. In Wayne County, the first steam locomotive was introduced as the Stourbridge Lion. In Fayette County, the first steamship was built. And in Oil Creek, near Titusville, the oil industry began in 1859.

From Allentown, Scranton, Wilkes-Barre and Altoona came coal - the fuel for the engines of the revolution, enhancing America's industrial might. And immigrants from cities such as Pittsburgh and Johnstown forged a nation from steel and iron - opening a new chapter in Pennsylvania's history, as well as the entire country. Even today, you can see work-



ing steel mills, coal mines and railroads preserved intact when you ride the Path of Progress in Southwestern Pennsylvania and learn more about our heritage at Pennsylvania's State Heritage Parks.

As far back as 1815, adventurous Pennsylvanians journeyed to the unmatched beauty of the Pocono Mountains to enjoy fishing, swimming, hiking, and sailing in crystal clear lakes.

So, if you want to experience the best of America, begin your trip in Pennsylvania. Tour our bustling cities and charming rural towns. Enjoy our snowy mountains, scenic valleys and beautiful state parks. Explore our museums, shopping, nightlife and multi-cultural attractions. Marvel at our spectacular fall foliage. Ski down a mountainside or through a wooded forest. Ride a roller coaster or an old-fashioned steam train. Swim, fish or sail in a sparkling lake. Relive history in all its immortal glory. And gain a better appreciation for America as it is today. Come to Pennsylvania. We have something for everyone... and then some!

# HOW TO USE THE VISITORS

## *Welcome to the Pennsylvanias.*

Pennsylvania has so much to offer travelers that we like to think of it as eight destinations in one.

In fact, most people choose to travel in a specific region of the state–each one offers something different. And so we've organized this travel planner into eight regions. After reading through it, you'll have a good idea of what you can expect from our different regions.

Each regional section begins with an overview of the area written from a visitor's perspective and describes what you can expect to see and do when visiting the region.

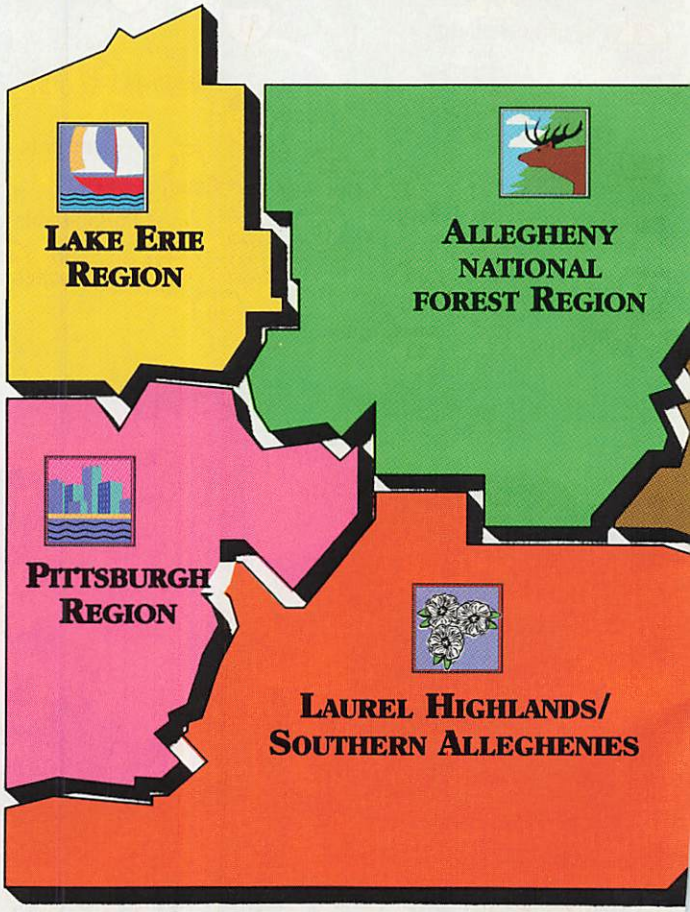
It is followed by a regional ***CALENDAR OF EVENTS***. In these pages, you'll find a variety of special scheduled events, from ski races to harvest festivals, that the whole family can enjoy.

After the Calendar of Events, the ***DIRECTORY LISTINGS*** direct you to the many things to do and see as well as the fine places to stay in each region. In addition, all listings are coded to Pennsylvania's official transportation map, so you can choose your route wisely.

With 114 State Parks, Pennsylvania offers a wide variety of outdoor recreation and environmental awareness opportunities for you to enjoy. In the ***STATE PARKS*** section, we have included a map showing the location of each park, as well as a chart of the facilities and programs that they offer.

Our spectacular fall foliage and the dozens of challenging ski areas are depicted in ***AUTUMN IN PENNSYLVANIA*** and ***SKI IT TO BELIEVE IT*** sections. Pennsylvania's colorful fall season and various ski areas are two attractions that most visitors won't want to miss. So we've set aside special pages filled with statewide information on these seasonal highlights.

Peruse our ***MAPS, BROCHURES AND MORE*** and learn how to receive more information about attractions such as snowmobiling, farm vacations, wineries and more. Our ***GUEST WELCOME CENTERS*** are a complete resource for travelers on the road. Their locations and hours are located in their own separate section in



# 1996 PENNSYLVANIA GUIDE

this guide. ***INFORMATION FOR TRAVELERS*** provides general information about the state as well as addresses and phone numbers to contact state agencies.

Once you've selected your Pennsylvania destination, it's easy to find out more about what's going on there during your visit and plan your entire vacation. You can call the tourism promotion agencies listed in the ***REGIONAL CONTACTS*** sections. Or you may choose to mail the Tourism Promotion Agency coupons provided in the coupon section in the back of the guide. ***ADVERTISER COUPONS***, also in this section, provide lots of savings.

You may also wish to receive more information from our advertisers. Just check off the advertisers of interest on the ***READER SERVICE CARD*** in the back of this guide. Then drop the card in the mail; postage is already paid.

To order an additional copy of this guide for family or friends, simply call ***1-800-VISIT-PA***. Hearing impaired persons can request a copy of the Visitors Guide via TDD by dialing 1-800-332-8338. To order an edited version of the Pennsylvania Visitors Guide in tape format for vision impaired persons, call 1-800-237-4363, from 8:30 a.m. to 5:00 p.m. EST, Monday–Friday.

This symbol ♿ means that the attraction or service provider listed has indicated that its entrance, access to goods and services, parking and restroom facilities are accessible to people with disabilities. For more specific information on accessibility, we suggest you call or write in advance of your visit.

*Dear Mom and Dad,*

*Troy and I are having the time of our lives! The Pocono Mountains region is a perfect place for a honeymoon. The scenery is beautiful, as our resort is nestled quietly in the picturesque mountainside.*

*We've spent some time in Carbon, Wayne, Monroe and Pike Counties, and positively charming towns like Eagles Mere in the Endless Mountains. Each place we go is more enchanting than the last, and everything is so much fun!*

VISIT JIM THORPE– YOU WON'T WANT TO LEAVE.

ESCAPE TO THE ENDLESS MOUNTAINS.

# OUNTAINS ON

COLD WEATHER – HOT FUN! CHALLENGE YOURSELF TO POCONO MOUNTAINS WINTER SPORTS.

GOLFING – DON'T LET THE SCENERY DISTRACT YOU.

*Industrial heritage is abundant in Scranton, Wilkes-Barre and Pottsville, and of course we couldn't pass up the opportunity to explore every last corner of it. We'll come back when winter is over and the tours are operating at the Lackawanna Coal Mine and Ashland's Pioneer Tunnel Coal Mine. This region is where anthracite coal was first mined, and the tours provide a first-hand look into the coal-mining industry.*

*I never understood your interest in railroads, Dad, until we toured Scranton's Steamtown National Historic Site, where working steam*

*engines are testimony to the railroads that spanned the region to carry coal into the West. It is really something to experience. We also took a tour of America's oldest brewery, the Yuengling Brewery, which Troy really appreciated!*

*We can't wait to come back in the spring to go hiking and canoeing. America's first scenic trail, the Appalachian Trail, enters Pennsylvania from the North at the Delaware Water Gap. The surrounding area is beautiful. A hike along the Loyalsock Trail leads through a challenging wilderness passage that follows mountain peaks with average elevations of 1,700 to 1,900 feet. Can you imagine the view from up there? We're also going to fish along the Delaware River on our next trip. (Troy says we need to come back when the shad begin spawning upriver from the Delaware Bay, or when the muskie and small-mouth bass are in abundance.) The Pocono Mountains region has some of the*

*best and most challenging golf courses around. Should we make room in the car for you next time, Mom?!*

*Before I get carried away planning for our next trip, let me tell you more about this one. The downhill and cross-country skiing is exhilarating in this extraordinary setting. Troy has become a lot better — no injuries this time, as we started off on some leisurely trails along the mountainsides, and then started downhill on the less-difficult slopes. He's trying to work his way up to the intermediate runs by the end of our trip. We also spent a few days snowmobiling, skating and tobogganing, and are*

*We've been taking lots of pictures, but you should really plan a second honeymoon for yourselves here! The Pocono Mountains region is much more than heart-shaped tubs and champagne-glass whirlpools. (Although you two lovebirds might enjoy those too!) See you soon.*

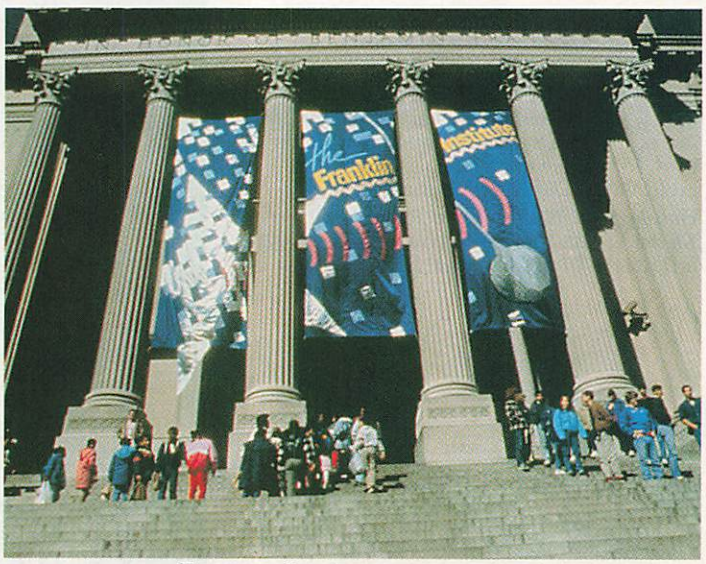
# PHILADELP
# ITS COUN

*Dear Mia,*

*Only a few days left of my business trip, and were it not for missing you and the kids, I would love to stay longer. Although I have been to Philadelphia before, this trip has been long enough for me to explore the city and the famous surrounding countrysides - in between meetings of course! (You know what they say about 'all work and no play!')*

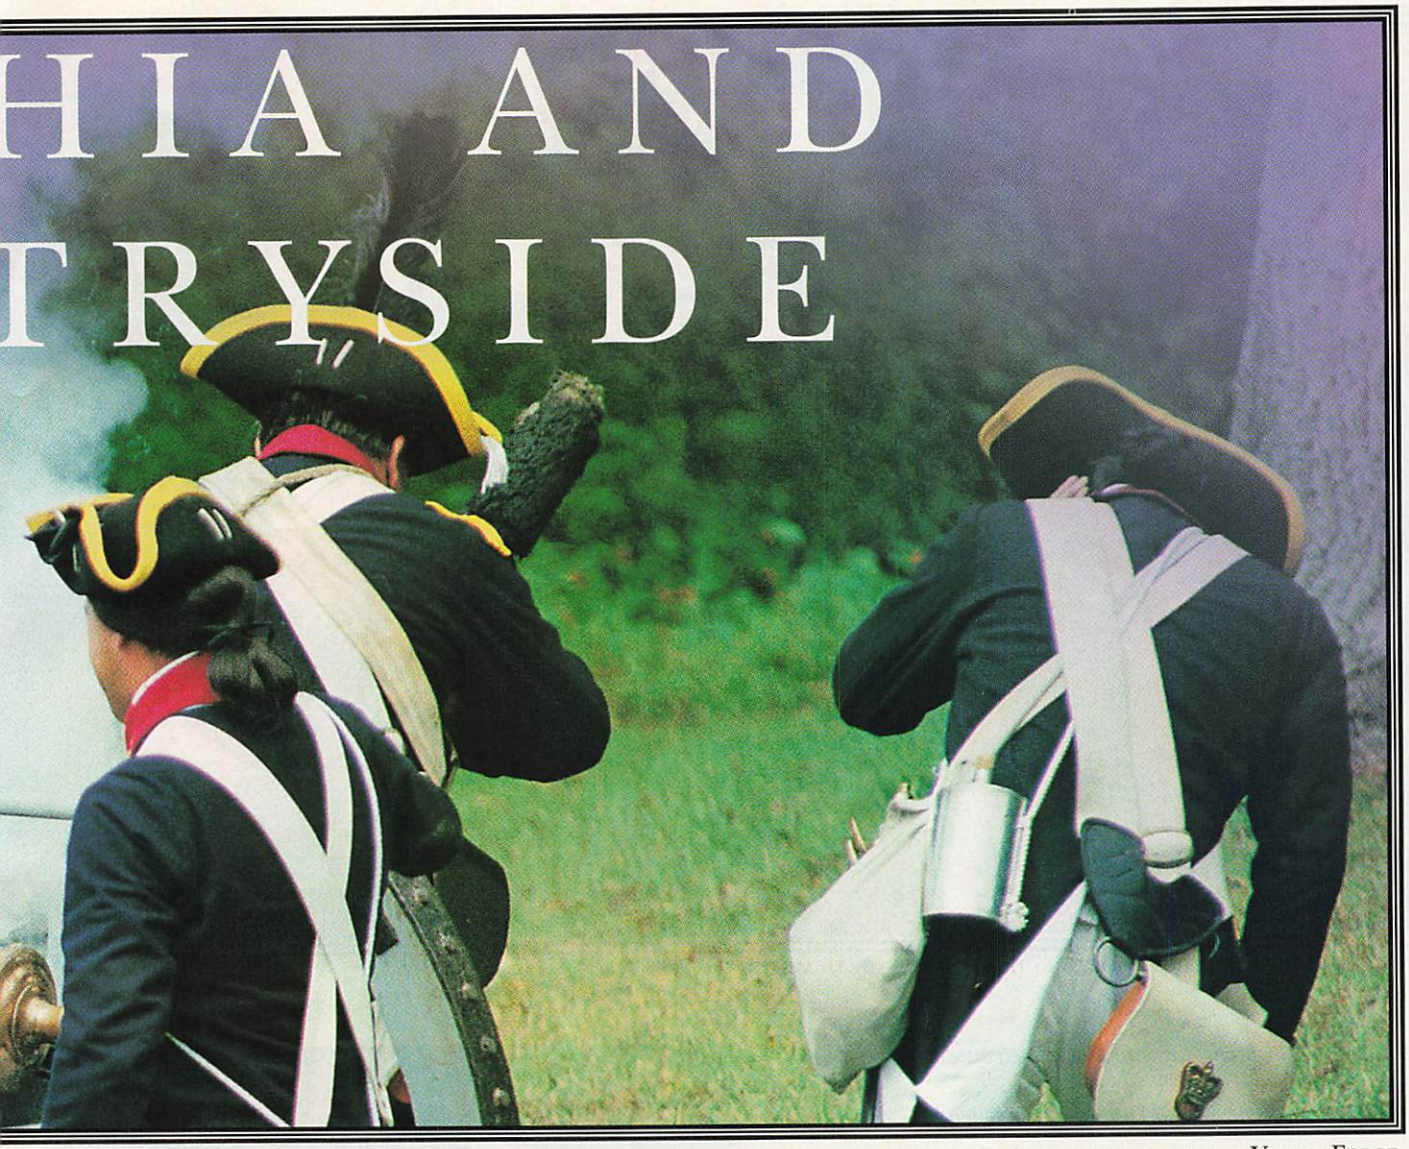
*During my first weekend here, I walked the city streets, taking advantage of the historic sites that make Philadelphia*

THE SUN GOES DOWN AND THE EXCITEMENT BEGINS.



FRANKLIN INSTITUTE– MORE THAN JUST A MUSEUM.

# HIA AND TRYSIDE



FEEL THE PAIN, HEAR THE CRIES, RELIVE THE HISTORY AT VALLEY FORGE.

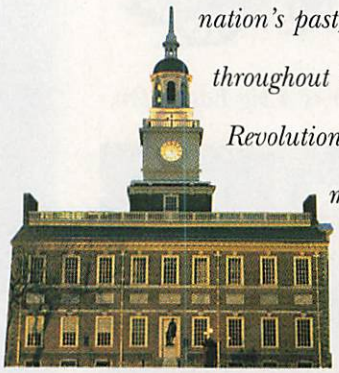
*so unique. It's the birthplace of the Declaration of Independence, the Constitution and the Bill of Rights. I explored America's most historic square mile, with The Liberty Bell Pavilion, Independence Hall, the Betsy Ross House, Franklin Court and the Second National Bank all within walking distance. I also spent nearly an entire day at the Philadelphia Zoo (the nation's oldest zoo!), and can't wait to bring you, Stephen and Elisa to see it.*

*Culture and the arts are really alive here. I've been to the theater and many of the world-famous museums; it is all so impressive. I even went with a few of my associates to a 76ers game. I'd like to bring the kids back for a Flyers or Phillies game. Your brother is a big Eagles fan,*

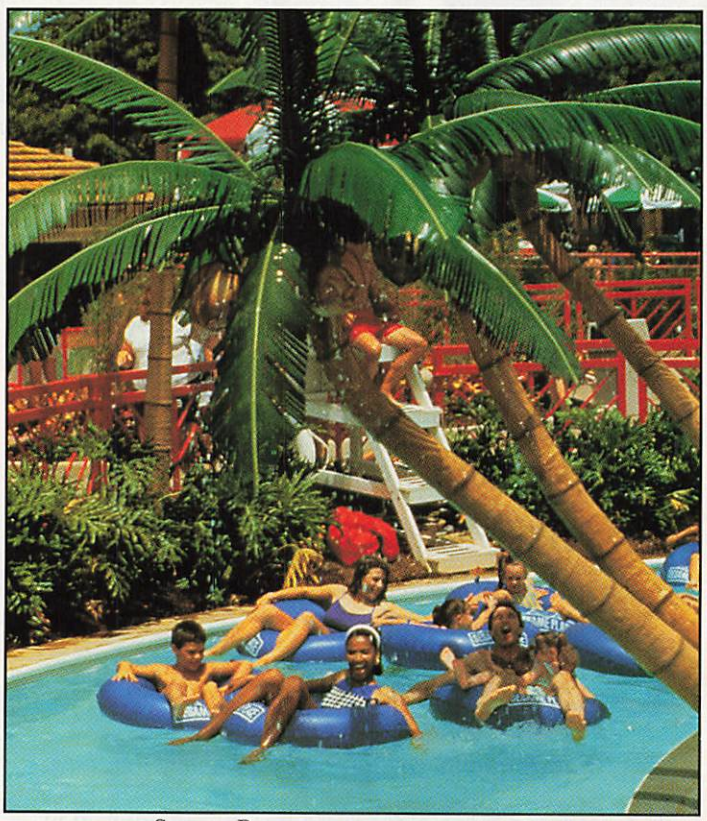
A STROLL THROUGH LONGWOOD GARDENS WILL AWAKEN YOUR SENSES.

BECOME ENTHRALLED WITH THE HISTORY AND TRADITION OF THE MUMMERS.

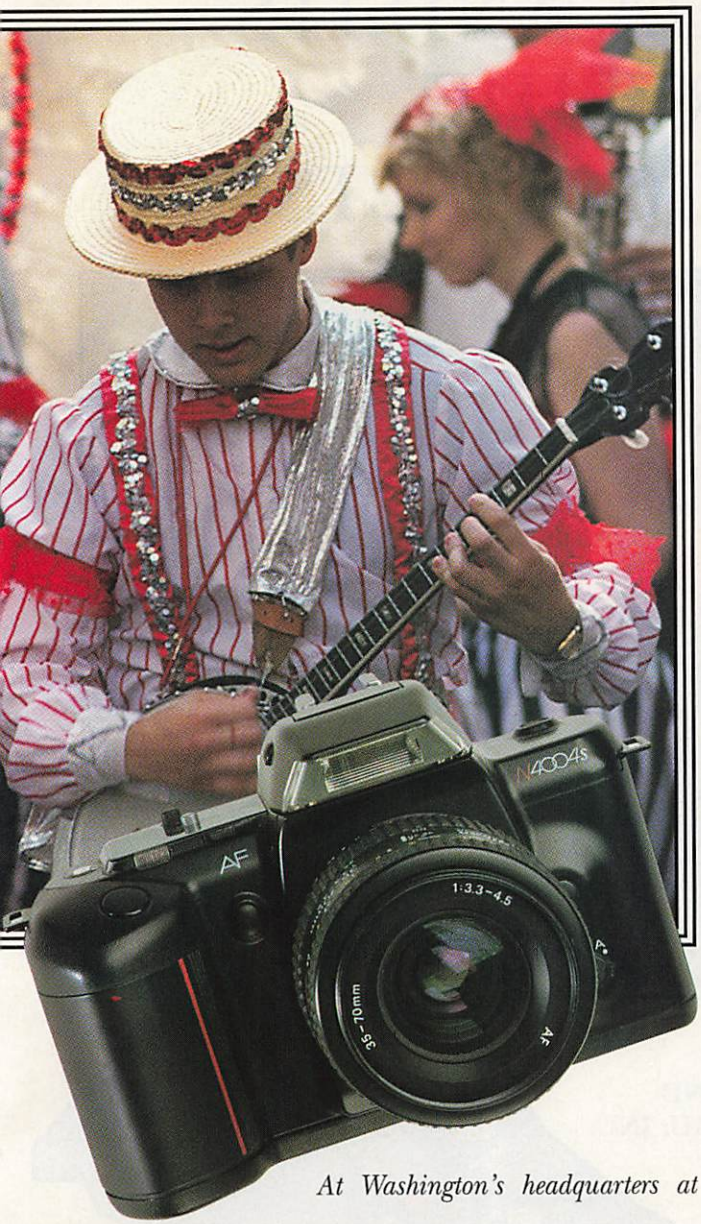
*isn't he? We could bring him, too! Or we could go to a Wings game; they're the professional indoor lacrosse team.*



*The kids would really learn a lot here about our nation's past, as there are so many historic sites throughout the entire region. There were more Revolutionary War battles fought within a 50-mile radius of Philadelphia than in all of the New England states combined. I felt as though I was actually reliving the past as I traced the footsteps of Revolutionary War soldiers at General Lafayette's Brandywine command post near Chadds Ford.*



SESAME PLACE– IT BRINGS OUT THE KID IN ALL OF US.



FEEL THE MUSIC AT THE PHILADELPHIA ORCHESTRA.

DORNEY PARK CAROUSEL– AN ENCHANTING EXPERIENCE.

*At Washington's headquarters at Valley Forge National Historical Park, rustic cabins and park rangers in period dress recreate the bitter winter spent waiting to attack the British in the spring of 1788. It's a lot better than watching a movie!*

*The Lehigh Valley has ethnic settlements in Allentown, Bethlehem and Easton, and popular traditional festivals like Das Awkscht Fescht and Musikfest. We should bring the kids back next winter for the Christmas City Fair — they'd love it.*

*You would adore New Hope in Bucks County, a quaint artists' colony near the Delaware Canal, and Longwood Gardens in the Brandywine Valley — the thousands of different types of flowers and amazing sculptured gardens are breathtaking. (Maybe we could get some ideas for our front yard — we'd really impress the Davidsons!)*

*The entire region is filled with places to go on our next family vacation. At Sesame Place, the kids can meet Bert and Ernie and float down "Big Bird's Rambling River" in inner tubes, and at Dorney Park and Wildwater Kingdom there are more than 100 rides and attractions, and the tallest wooden roller coaster in the world. (The kids would have a ball!)*

*So, as soon as I get back, let's tell the kids where we're going for vacation this year and start planning!*

*Love,*

*Christian*

# REVOLUTIONARY. THEN, NOW AND ALWAYS.

The Valley Forge where George Washington built a revolution's army during the harsh winter of 1777 was a far different place than today's 3,600-acre Valley Forge National Historical Park. Here, amidst rolling hills and natural splendor, are soldiers' huts, cannons, Washington's headquarters and the Memorial Arch to recall one of America's founding moments.

Today's Valley Forge is also a high-spirited area, alive with a diversity of appeals and adventures for all tastes and all the family. See living history at centuries-old homes. Stroll Longwood's and dozens of other fragrant gardens. Appreciate art, from the area's own Wyeths to Rodin. Shop quaint country villages, along the chic Main Line, or at malls among the nation's largest. Feast, fast food to five star, on regional and international cuisine. Then rest well at hotels and inns at every level of luxury and affordability.

Your Valley Forge vacation headquarters is minutes away from the sights and activities of neighboring historic Philadelphia, yet convenient to Lancaster's peaceful Pennsylvania Dutch country, and the excitement and sizzle of the seashore's Atlantic City.

Any time of the year, Valley Forge is a welcoming and exciting glimpse of America, then and now. For your free Visitors Guide and Calendar of Events, call **1-800-345-8112.**

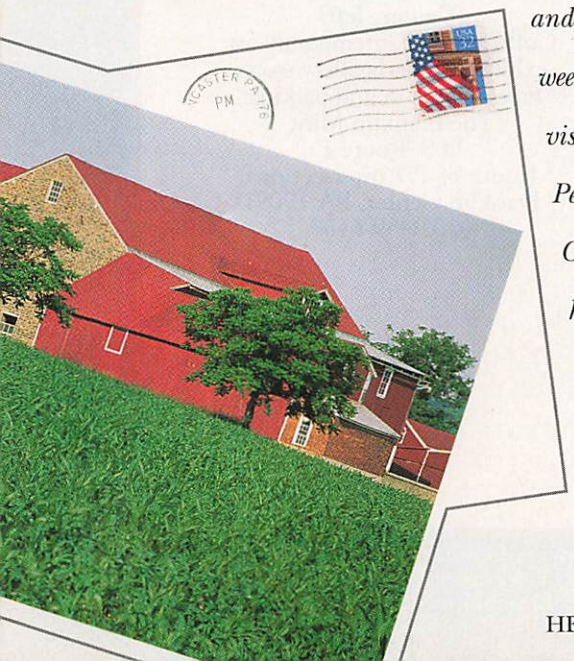
# HERSHEY COUNTRY

## *Dear Grandma and Grandpa,*

*What a wonderful birthday I'm having this year! Mom and Dad planned a week's vacation for us to visit Hershey and Pennsylvania's Dutch Country, and we're having so much fun. I wish you could've come with us, but instead I'll have to tell you all about it.*



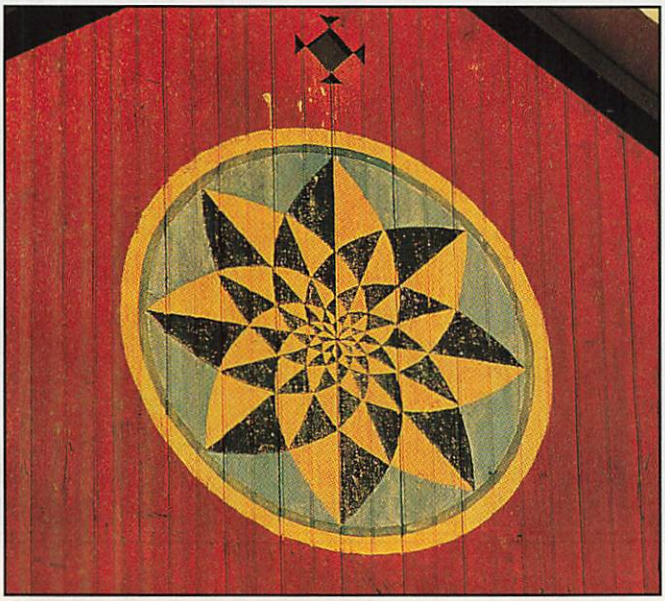
ALL ABOARD AT THE STRASBURG RAILROAD.

*First, we saw the Amish, (they're called the "plain people".) They don't use all the things that we use, like electricity or cars. They travel in horse-drawn carriages and farm with horse-drawn plows. I'd like to see Dad mow the lawn with a horse-drawn lawnmower!*

# DUTCH REGION

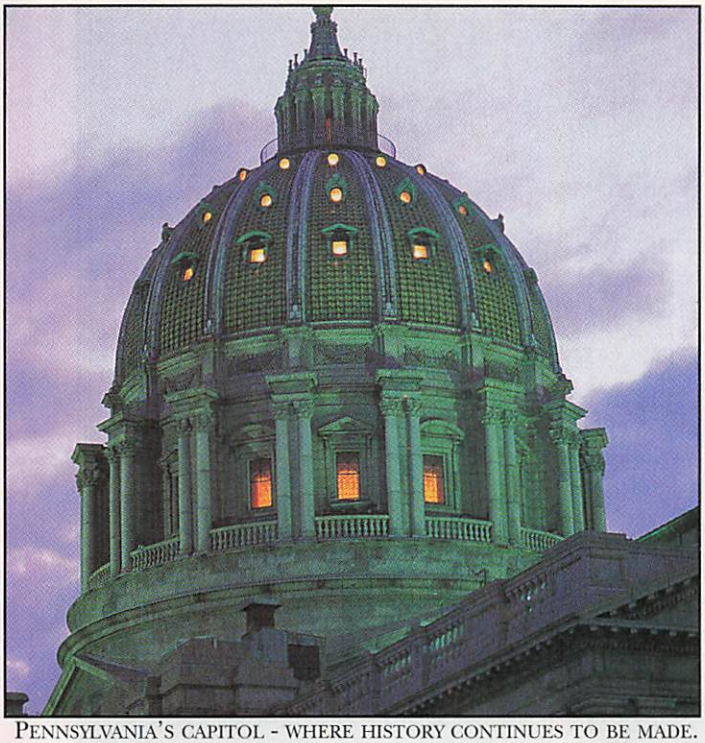
HERSHEYPARK . . . . GET READY FOR THE RIDE OF YOUR LIFE!

*After that, we went to Gettysburg National Military Park, where Mom and Dad say the most decisive battle in the Civil War took place. There are big cannons all across the battlefield. We saw where President Lincoln gave the Gettysburg Address that we just learned about in school, and President Eisenhower's farmhouse that is now a National Historic Site. It was a lot more interesting than studying about it in Mr. Duffey's class!*



FANCY YOURSELF AT THE SIGHT OF A PENNSYLVANIA DUTCH HEX SIGN.

*We stayed in a really nice hotel, and I slept in a giant bed by myself. The next morning we drove around and learned more about history. We stopped in Chambersburg, which was the*



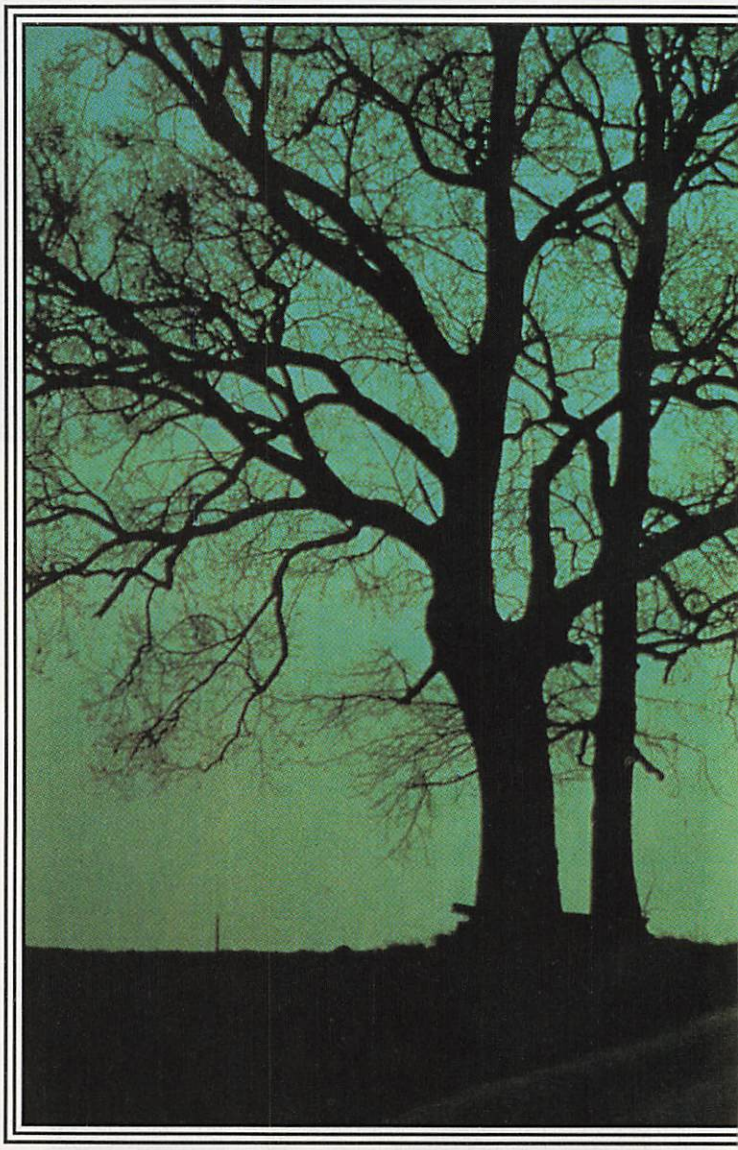
PENNSYLVANIA'S CAPITOL - WHERE HISTORY CONTINUES TO BE MADE.

EXPERIENCE THE DRAMA OF A CIVIL WAR REENACTMENT.

*And Harrisburg is a great state capital, especially the Capitol building, its Welcome Center and the Pennsylvania State Museum — they were really cool.*

*only town burned by Confederate troops, and Carlisle, which is the home of the U.S. Army War College. We saw President James Buchanan's home in Lancaster and toured his law offices at the Stoy Museum in Lebanon.*

*One of the favorite places for Dad and me was York, where Harley-Davidson motorcycles are made, and we even got to tour the plant. Dad said that York used to be our nation's capital before Washington, D.C .*



*We spent the next day shopping in these huge outlet stores in Reading. Mom said they save us a lot of money and have things for all of us, not just women's clothes like Dad joked. I got a new pair of shoes, and Mom and Dad bought a lot of things for the house.*

*We went to bed early that night, as Mom and Dad told me to rest up for the next day. And good thing I did! We went to Hershey, which is called Chocolatetown, U.S.A., and spent the whole day at the amusement park. I think Dad was afraid to ride the roller coasters at first, but later he kept wanting to go back and ride them again. Mom and I visited Hershey Gardens, too, while Dad played golf with some friends that were in town on a business trip.*

OUTLET SHOPPING . . . UNCOVER THE SECRET OF A BARGAIN.

*This has been my best birthday ever. Maybe you can come with us next year.*

*Hugs and kisses,*

*Rosemary*

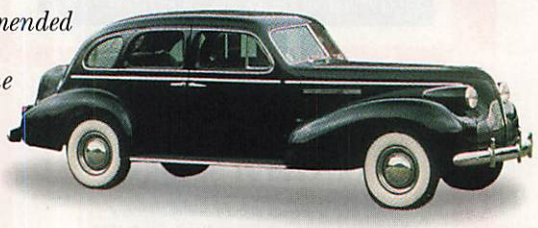
*Dear Sis,*

*I'm sure you're surprised to hear from me, but I couldn't wait to tell you about the wonderful time I'm having in the Laurel Highlands. You gave your little brother good advice when you recommended this place. The mountains out here are beautiful and the trails are perfect for hiking and biking. We're planning to come back this winter to ski.*



*We spent a few days of fun-in-the-sun at Raystown Lake. Steve, Chad and I went white water rafting, while Martin and Dave went*

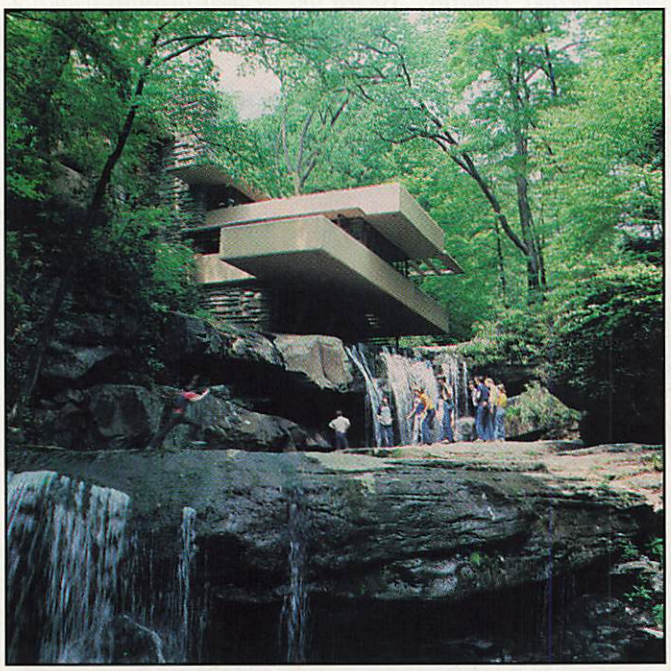
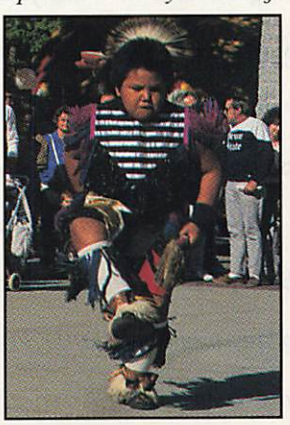
A DRIVE THROUGH ONE OF OUR COVERED BRIDGES IS A JOURNEY BACK IN TIME.



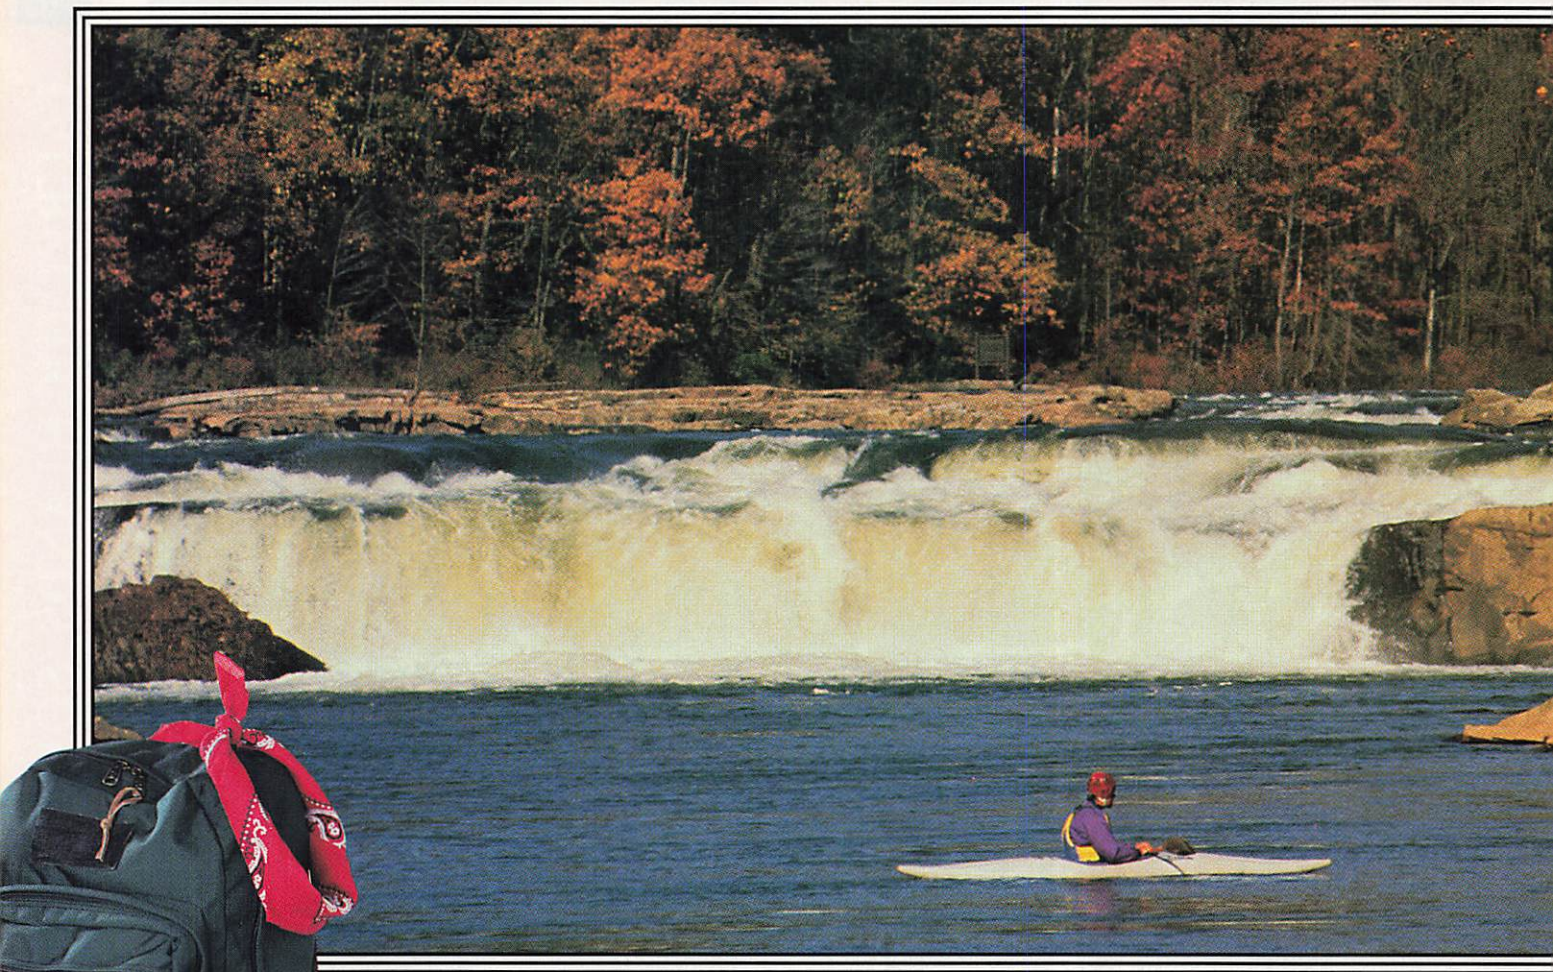
DISCOVER FALLINGWATER, WHERE NATURE AND ARCHITECTURE COME TOGETHER.

*golfing. There's so much to do here, we might stay a few extra days.*

*Mom and Dad should plan a trip here and stay at one of the resorts like Seven Springs or Hidden Valley. They would enjoy all the industrial heritage attractions. We spent some time driving along the Path of Progress Route, and it seemed as though we were back in the days of miners, railroaders and steelworkers.*



HISTORY KEPT ALIVE.



*We toured the Johnstown Flood Museum, rode an Inclined Plane, and learned about Altoona's fascinating railroad heritage. When you bring the kids here this fall, you have to take them to the Horseshoe Curve — it's amazing the way it was engineered to enable trains to cross the Alleghenies (and the view from the curve is awesome!).*

*There is so much history here, with battlefields and forts like Bushy Run, Fort Necessity, Fort Ligonier and Fort Roberdeau, memorials to the French and Indian War and the westward movement of America's frontier. Old Bedford Village is such an experience — it's an authentic re-creation of an eighteenth century pioneer town, and even the townspeople are dressed in period clothing. We felt like we were actually walking through the past.*

*One of my favorite sites was Fallingwater at Mill Run in Fayette County. You know how I love architecture and now I understand why this Frank Lloyd Wright masterpiece is considered one of the foremost works of American architecture. This house was actually built over a rushing waterfall!*

*We went to the Jimmy Stewart Museum in Indiana (this is his home town). And we spent some time in Fulton County. Now I understand the true meaning of "pastoral" settings. Our timing was right because one of the region's great festivals was taking place. (Martin ate like a horse as usual!).*

*I'll be heading home in a few days. It's going to be tough to go back to the office, but I'll just keep looking forward to coming back to this part of Pennsylvania in the winter!*

*Give my best to Mom, Dad and the kids.*

*Love,*

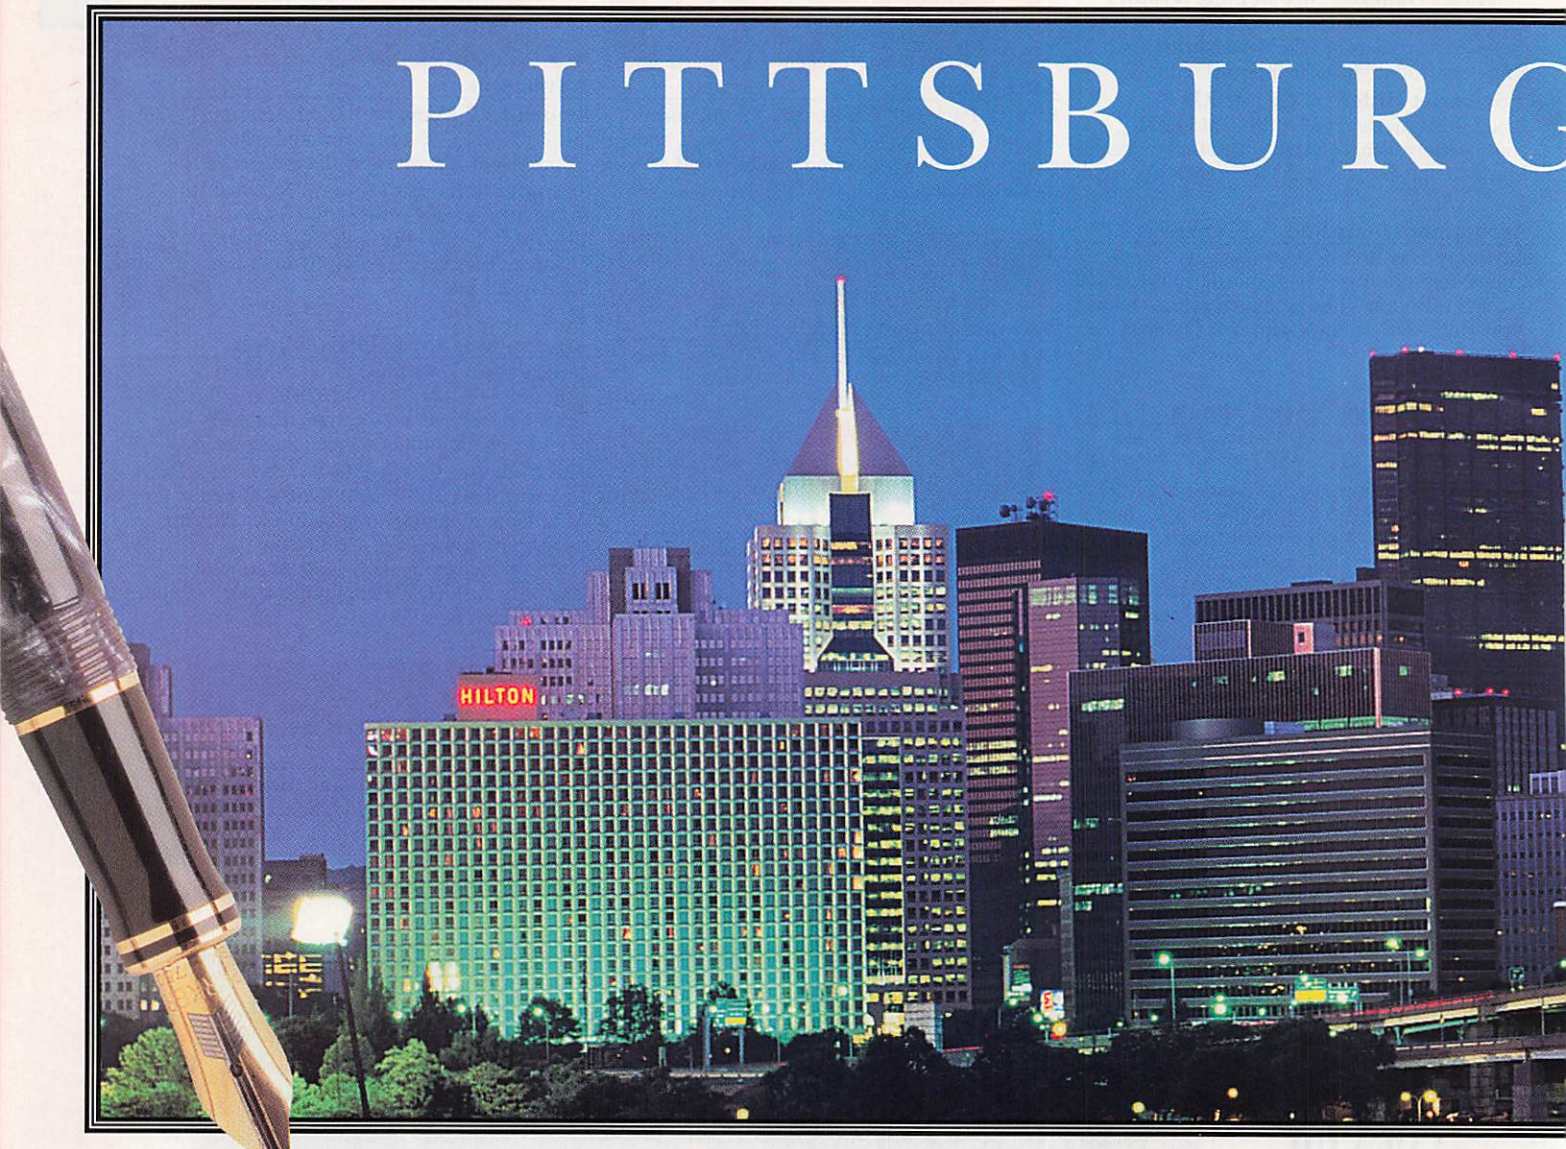
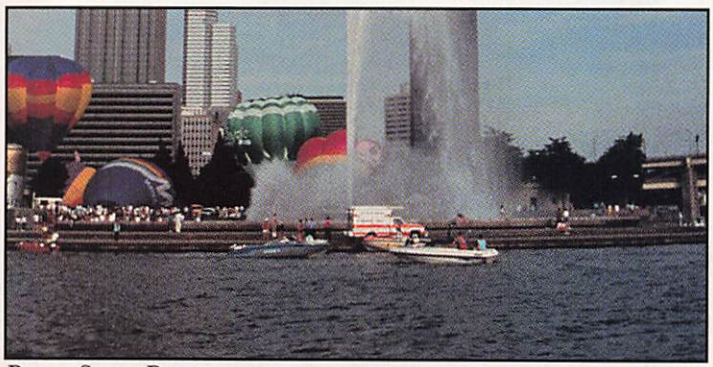
# PITTSBURG



*Dear Barbara,*

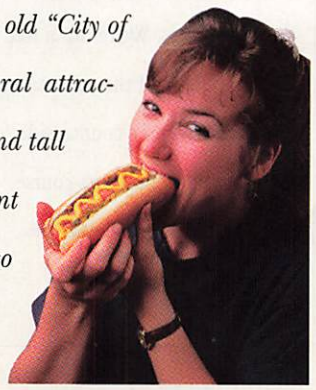
*The kids, Sal and I are having a wonderful time in Pittsburgh. The city has undergone a magnificent transformation since our last visit here. The sun is gleaming brightly off the enormous glass buildings of the bustling commercial district that now lines the three rivers. It truly is a stunning city — and the kids really love it!*

ART IN MOTION AT THE PITTSBURGH BALLET.

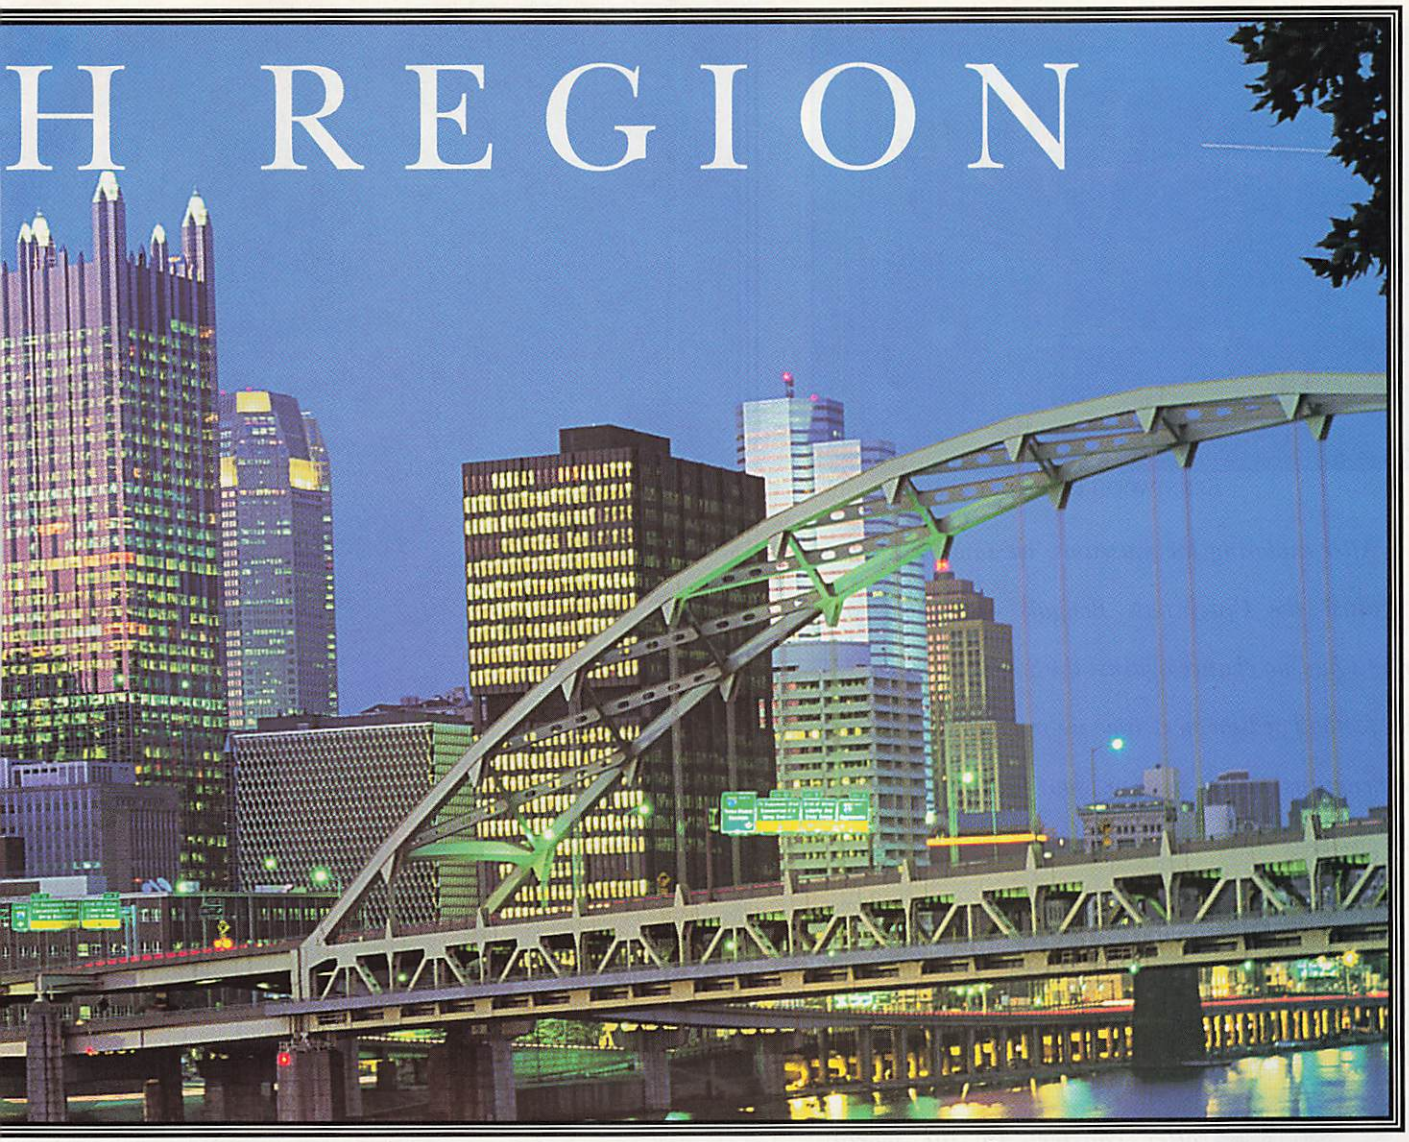


POINT STATE PARK - WHERE RIVERS AND PEOPLE MEET.

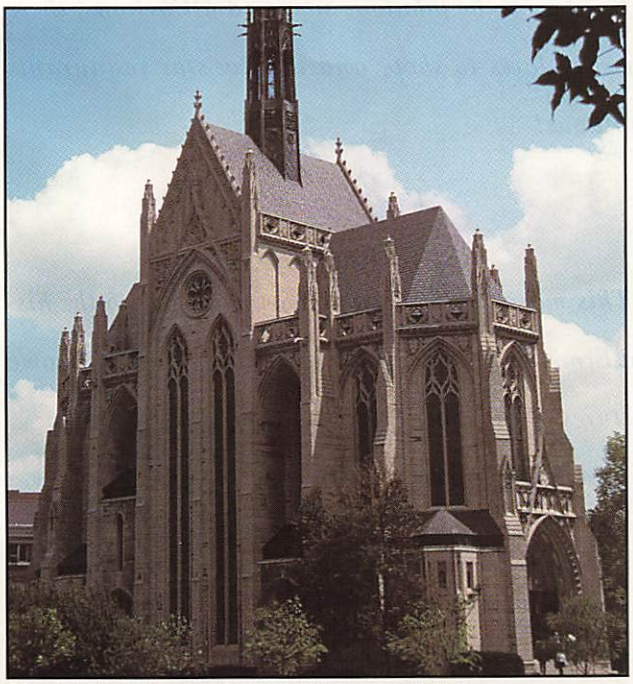
*The mines and mills of the old "City of Steel" have been replaced by cultural attractions that have led Pittsburgh to stand tall among the nation's most important cities. I'm impressed! There is so much to see here, we can't wait to come back!*



# H REGION



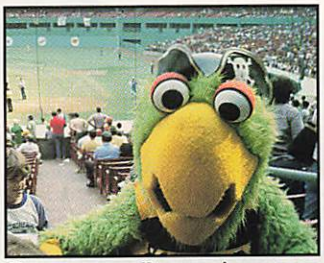
PITTSBURGH SKYLINE LIGHTS UP AT DUSK.



HEINZ CHAPEL - AN ARCHITECTURAL WONDER.

*So far, we've been to The Carnegie Science Museum of Art and Natural History, the Frick Art Museum, Allegheny Observatory, Heinz Hall Performance Center and the new Andy Warhol Museum, the largest museum in the country dedicated to a single artist.*

*The kids still haven't stopped bragging about all the new things they learned at The Carnegie Science Center and the Pittsburgh Children's Museum. The hands-on exhibits kept us all intrigued for hours.*



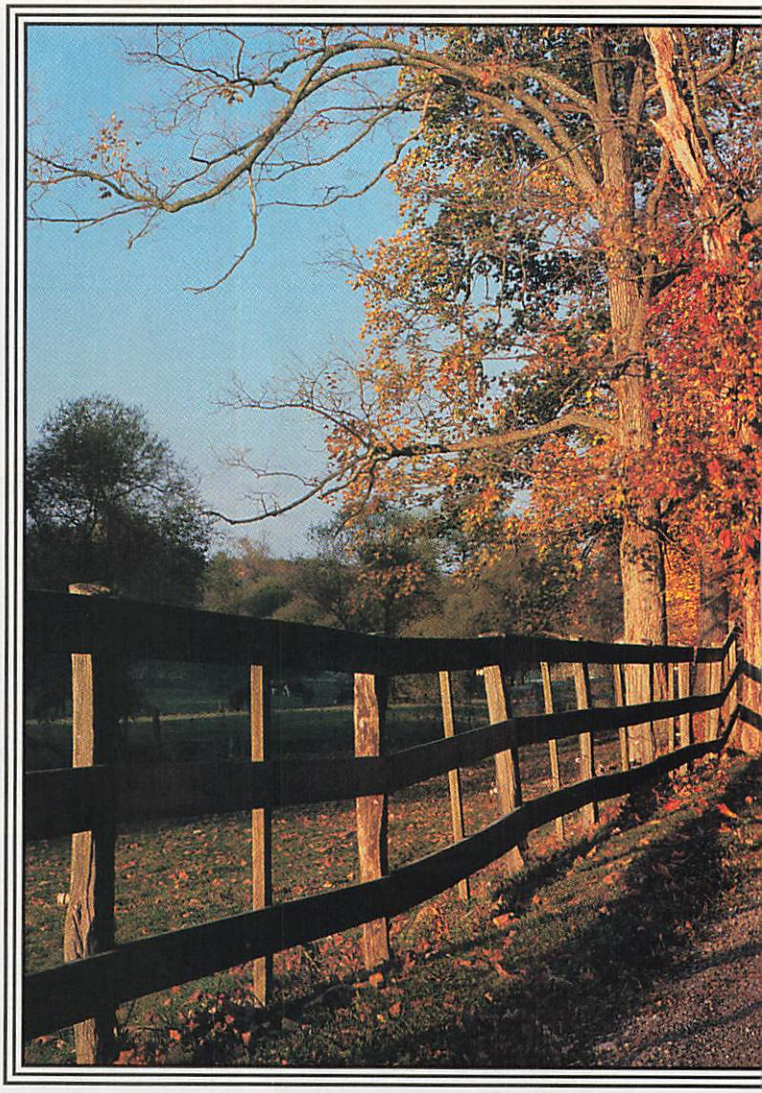
PITTSBURGH PIRATES' MASCOT.

KENNYWOOD PARK– GET READY TO RIDE.

*After exploring the museums, we saw the Steelers play against the Cincinnati Bengals — I told you Cincinnati had no chance against the Steelers at home! If we miss football season next time we're here, we can still catch a Penguins' hockey game or, your favorite, a Pirates' baseball game.*

*The next day the kids talked us into taking them to Kennywood Park, so we could ride the Steel Phantom, one of the fastest roller coasters in the world. And it sure is!*

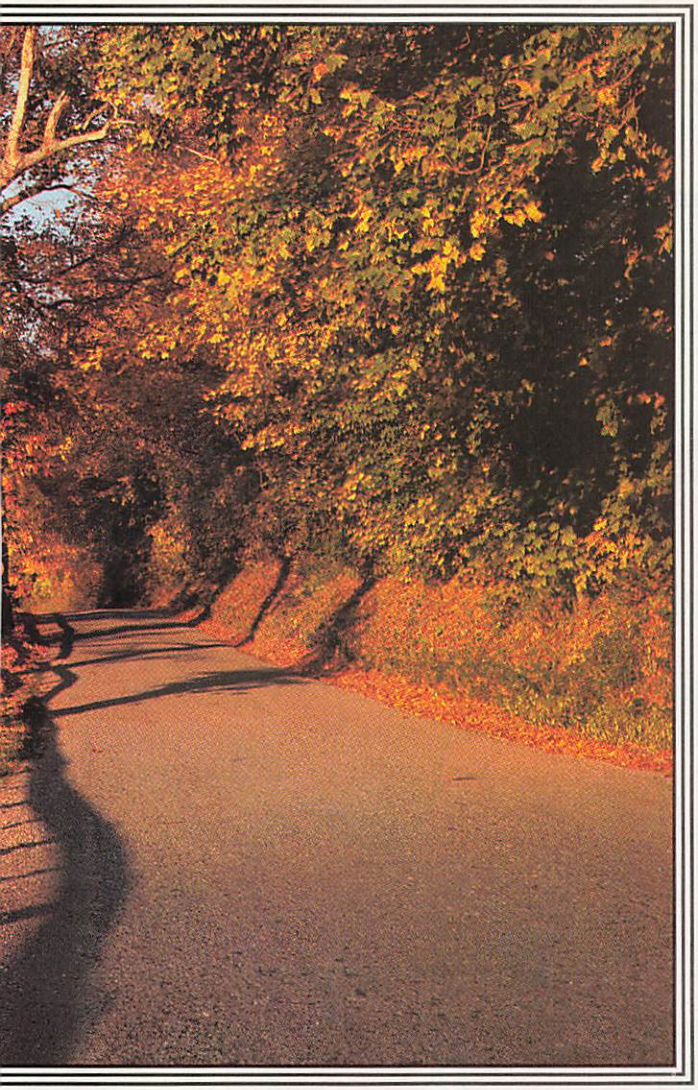
*I even brushed-up on my history with a visit to Fort Pitt, which marks the site of a decisive battle during the French and Indian War.*



*Besides all the fabulous sites and attractions, there are so many places to shop, and the five-star restaurants are sumptuous!*

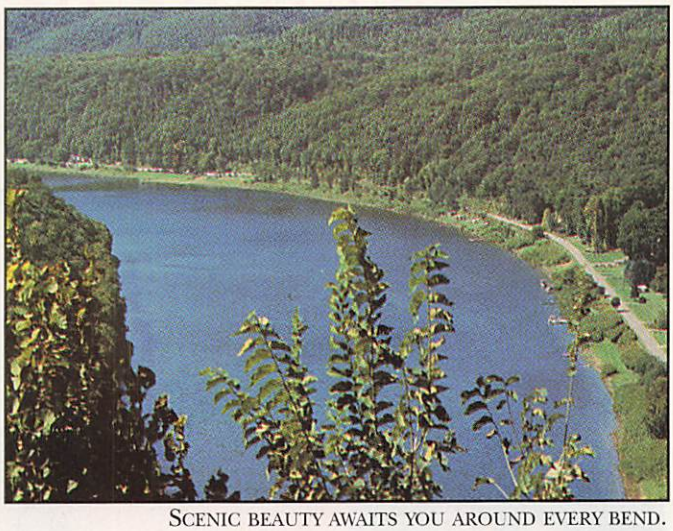
*This morning, we took a short drive out to the historic Old Economy Village in Beaver County and took some great pictures of the century-old covered bridges in Washington County.*

*Then we took the kids to see the Amish communities.*



JUST A SHORT DRIVE FROM THE GLASS AND GLITTER OF THE CITY, OUR QUAINT COUNTRY ROADS BECKON YOU.

*We went shopping in Volant, where the main street is absolutely charming, and at night we watched an amazing fireworks display in New Castle, which has come to be called the Fireworks Capital of the World.*



SCENIC BEAUTY AWAITS YOU AROUND EVERY BEND.

*Tomorrow we'll go to a festival in Armstrong County and a craft show in Butler County. You would adore these towns — they are so charming.*

*Well, I better rest up, we have another full day of fun to enjoy tomorrow!*

*Best Wishes,*

*Laura*

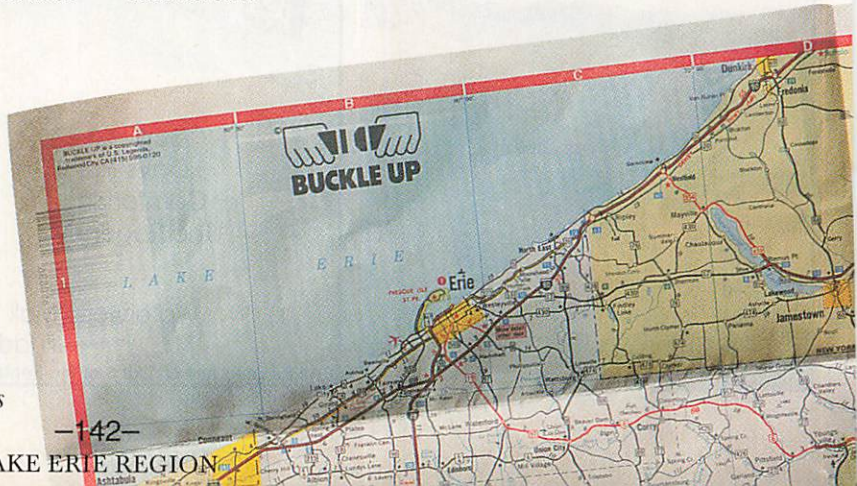
# LAKE ERIE

## *Dear Justin,*

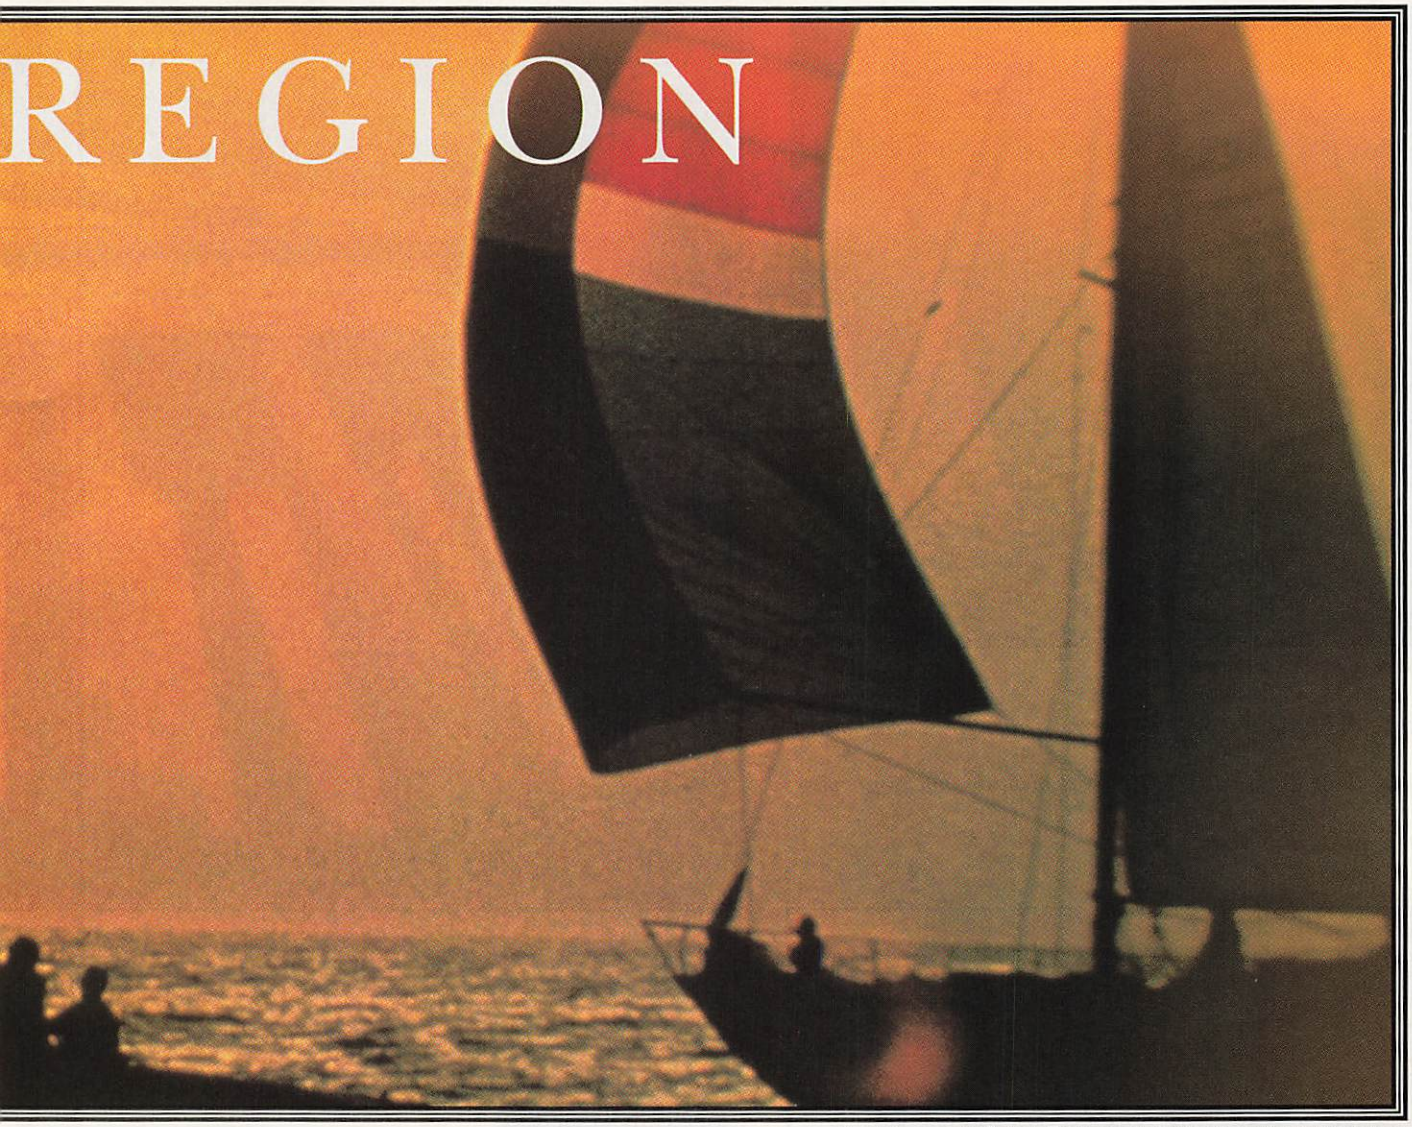
*This is the first opportunity I have had to write, as we have been doing so many wonderful things. I miss you a lot but I'm also glad I decided to take this trip with Julie. I've never been to the Lake Erie region before but I sure plan to come back again. Where do I begin?*

*The bayfront of Erie provides an awesome backdrop for the historic U.S. Brig Niagara, Commodore Oliver H. Perry's relief flagship during the War of 1812's Battle of Lake Erie. The 200-year-old warship was recently reconstructed and recommissioned as the official flagship of Pennsylvania, and now it serves as a floating museum open to visitors.*

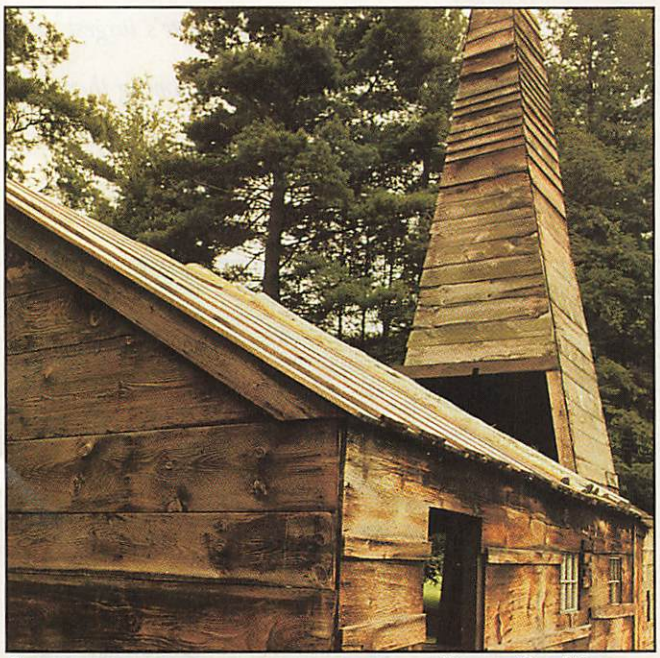
*We spend each day gazing at the beautiful sunsets at Presque Isle State Park, where we've seen deer, fox and majestic blue herons.*



# REGION



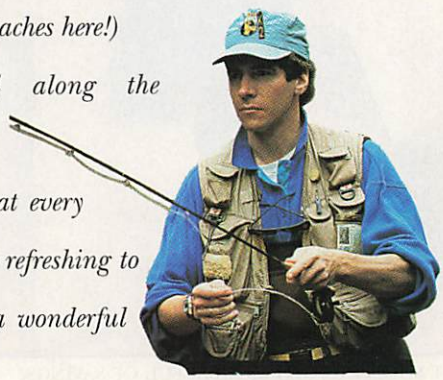
A SAIL ALONG LAKE ERIE AT SUNSET IS UNFORGETTABLE.



RELIVE OUR INDUSTRIAL HERITAGE AT THE DRAKE OIL WELL.

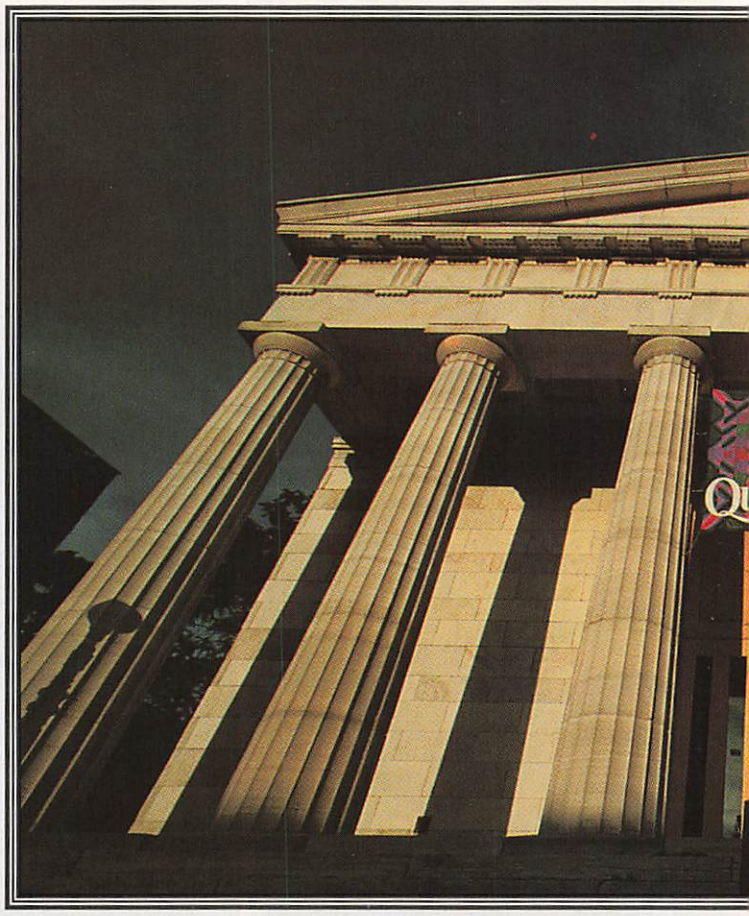
*The park ranger told us that 323 bird species have been sighted here as well as 20 rare plant species. Flora and fauna abound in the lagoons, wetlands and forest. I am starting to look like a sponge from too much swimming, but the water is so beautiful, I never want to get out. (And you said Pennsylvania doesn't have good beaches! Wait until you see the miles of sandy beaches here!)*

*We biked along the Seaway Trail...I wish I could do that every weekend. It was so refreshing to be a part of such a wonderful*



SET SAIL WHERE SKY MEETS WATER.

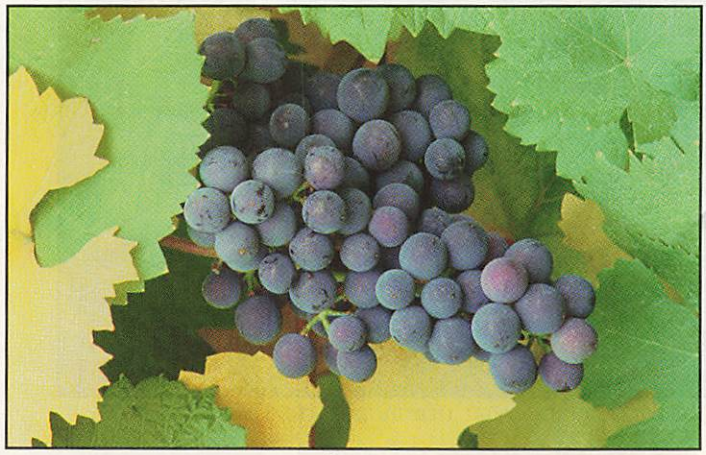
*landscape. Fishing is a big sport here as Lake Erie's waters support more than 20 species of fish, including brown trout, bass, northern pike, chinook and perch.*



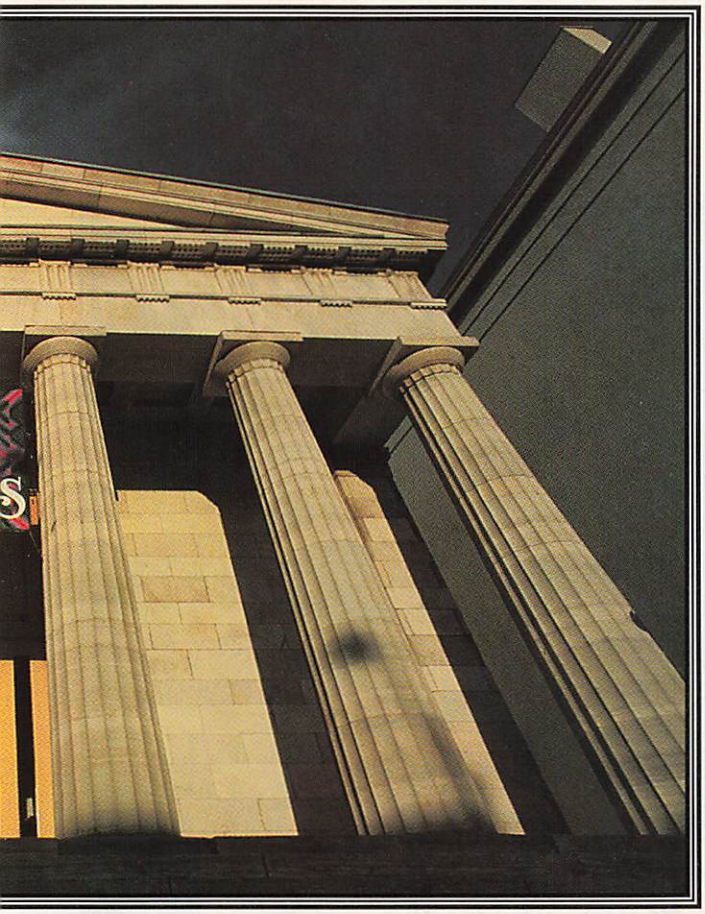
OUTLET SHOPPING OFFERS A BAGFUL OF SAVINGS.

*We headed south for a few days into Crawford County and spent some time on the banks of Pymatuning Lake and Conneaut Lake, the state's largest and deepest natural lake. We went boating and swimming there too. The banks were speckled with fishermen.*

*Julie and I were chatting with some of the "natives" who*



SAMPLE OUR WORLD-CLASS WINERIES.



ENTER A WORLD OF CULTURE WITHIN THE WALLS OF THE ERIE ART MUSEUM.

*told us that in the winter, the lakes freeze and they're great for ice fishing, ice skating and ice sailing. Another popular sport in the cold weather is cross-country skiing. We heard that the trails are perfect here.*

*Mercer County was great, especially for shopping. We spent a lot of time outdoors there too. And, guess what? I even brushed up on my golf game — the courses out here are really spectacular. I hope you're practicing, as I am really improving!*

*Driving through the farmlands is another picture-perfect sight, with peach, cherry and apple orchards in full bloom. Along the way, we toured the award-winning wineries that harvest the largest stretch of Concord grapes east of the Mississippi. (Yes, I did my share of tasting.)*

*We also saw America's first oil well, which was drilled near Titusville in 1859 by Colonel Edwin Drake. Did you know that he dug only 69 feet to reach his fortune? The Drake Well Museum paints a clear picture of this amazing feat and of Pennsylvania's once booming oil industry.*

*With all the wildlife, beautiful scenery, sun, and lots of fun, the only thing I miss about home is you. And the only thing that could make this trip even better is if you were with me. So, what do you say - can we come here for our honeymoon? We'll talk about it when I get home.*

*Love,*

*Nicole*

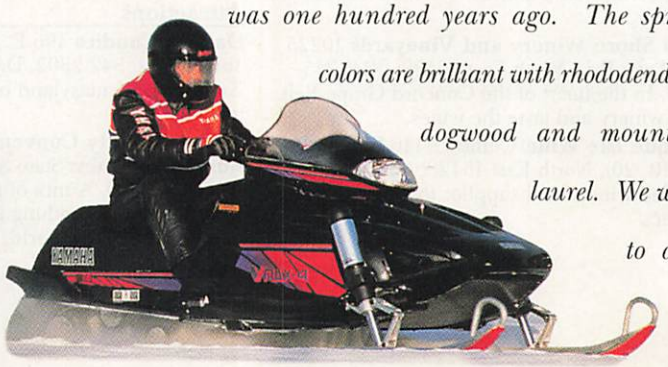
# ALLEGHENY FOREST R

BE LURED TO THIS REGION FOR ITS UNMATCHED BEAUTY, STAY FOR ITS INCREDIBLE FISHING.

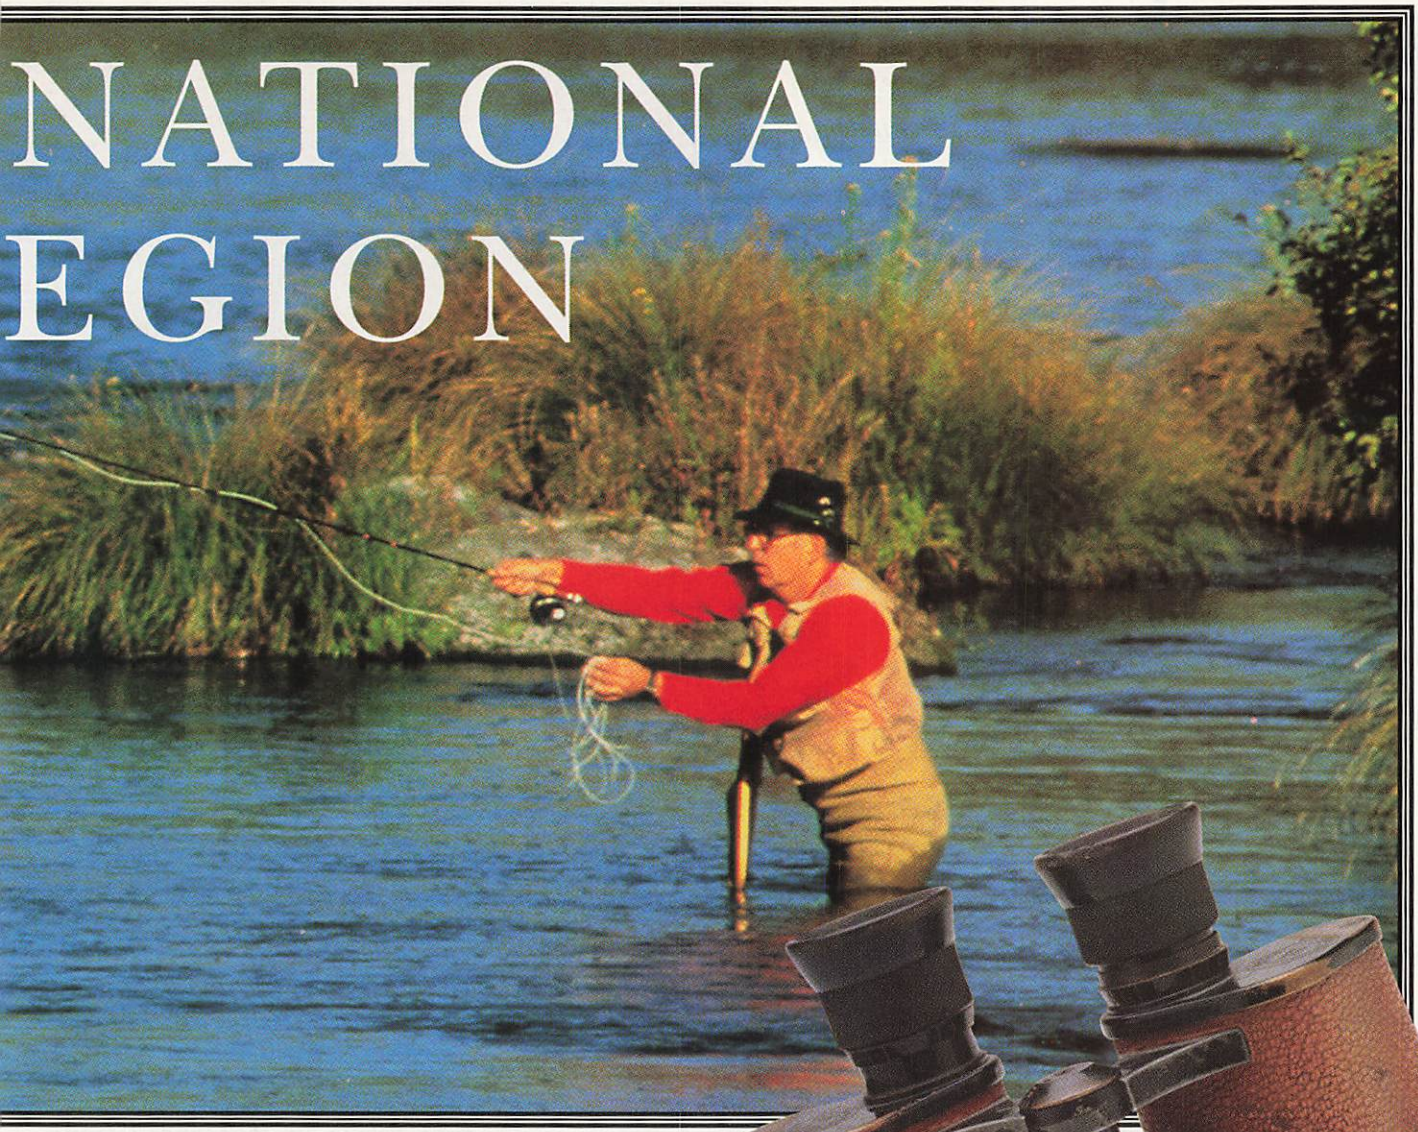
## *Dear Maureen,*

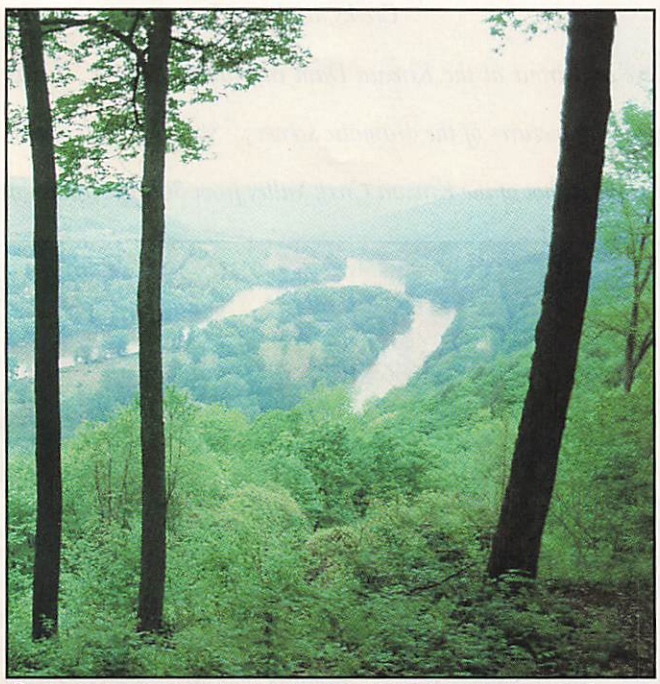
*Michael and I are on our second week of a fabulous vacation in the Allegheny National Forest. You and Todd would adore it here. There are more than one million acres of pristine forest land covering the region, some of it as untouched as it was one hundred years ago. The spring colors are brilliant with rhododendron, dogwood and mountain laurel. We want to come back with our cameras in the fall, too, when the leaves splash color against this clear blue sky. When we first arrived, Michael said, "This is what a breath of fresh air really is."*

CAPTURE THE TRANQUILITY OF A NEW FALLEN SNOW ON CROSS-COUNTRY SKIS.



# NATIONAL EGION





GLORIOUS MOUNTAINS SERVE AS PICTURESQUE BACKDROPS TO THE SCENIC VALLEYS BELOW.

*Our dream to be "one-with-nature" was fulfilled as we hiked along the trails that criss-cross the region. You should plan a trip here in the winter to go cross-country skiing and snowmobiling.*

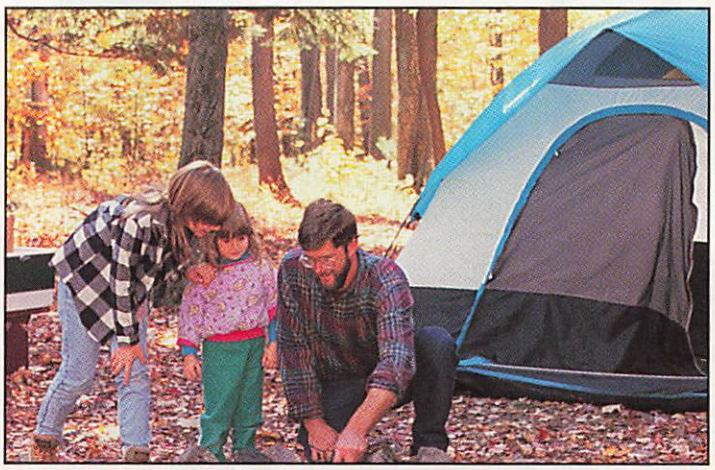
*We took a drive along Route 6, which winds through Warren, McKean, Potter and Tioga Counties, and then*

*traversed the Magic Forests of West Central Pennsylvania, which spans Clearfield, Clarion and Jefferson Counties. The scenery along the way was stunning. It is so nice to be away from the city, and even the suburbs! We spent several days exploring Pennsylvania's own Grand Canyon. The views are awe-inspiring from the peaks and valleys blanketed by 300,000 acres of forest land, especially from the top of a 1,000-foot drop at Pine Creek Gorge in Tioga County. (I took tons of pictures!)*

*This region is a haven for wildlife. There is more wild game here than in any other region of the state, and with 270,000 acres of state game land, it's no wonder. There are black bear, whitetail deer, turkey, grouse, pheasant and many, many other species. There's even a herd of wild elk that roams this part of Pennsylvania. Oh, and I almost forgot about the region's most popular furry animal. . . the groundhog! This is the home of Punxsutawney Phil, the famous groundhog who predicts spring's arrival each year.*

*Michael couldn't get enough of the trout fishing in Pine and Tionesta Creeks, and caught enormous muskie, walleye and trout at the Kinzua Dam in Warren County. I was busy taking pictures of the dramatic scenery. Speaking of pictures, I got a great shot of the Kinzua Creek Valley from 300 feet up when*

BEHOLD THE POWER OF THE KINZUA DAM.



ENJOY CAMPING - A NATURAL FAMILY VACATION.

PENNSYLVANIA'S ONLY FREE ROAMING ELK HERD AWAITS YOUR DISCOVERY.

*we took a railway excursion to the famous Kinzua Bridge. (It was kind of scary being so high up but the panoramic view was out of this world!) I'm going to enlarge some of the pictures to decorate our den.*

*I'll tell you more about all the fun things we've been doing when we get back. You and Todd should start packing! Maybe we'll join you. It wouldn't take much to talk me into coming back here.*

*Best Wishes,*

*Stephanie*

The Allegheny is Pennsylvania's only national forest, covering over one half million recreational acres with campgrounds, *groomed* trails for hiking, cross-country skiing, mountain biking, ATV's, and snowmobiles. You will enjoy boating on Allegheny Reservoir and East Branch Lake, canoeing on the Clarion and Allegheny Rivers and fishing in our streams, lakes, and rivers. Our version of "the wild life" is a very different one than in a city!

Savor our local festivals, antique shops, cultural events, museums, and specialty stores. Enjoy a brewery tour and our public golf courses. Tour the area on good highways to enjoy the magnificent scenery, experience fine dining at great restaurants, or take a picnic lunch to enjoy as you watch for our famous elk herd, the only free-roaming elk in Pennsylvania. Don't forget your camera!

Motels, bed & breakfasts, inns, and camping facilities are located throughout the area to insure your stay is pleasant.

Don't miss Kinzua Railroad Viaduct. Ride the train across or visit Kinzua Bridge State Park and see a fantastic view of the viaduct. There are overlooks, picnic tables, and pavilions.

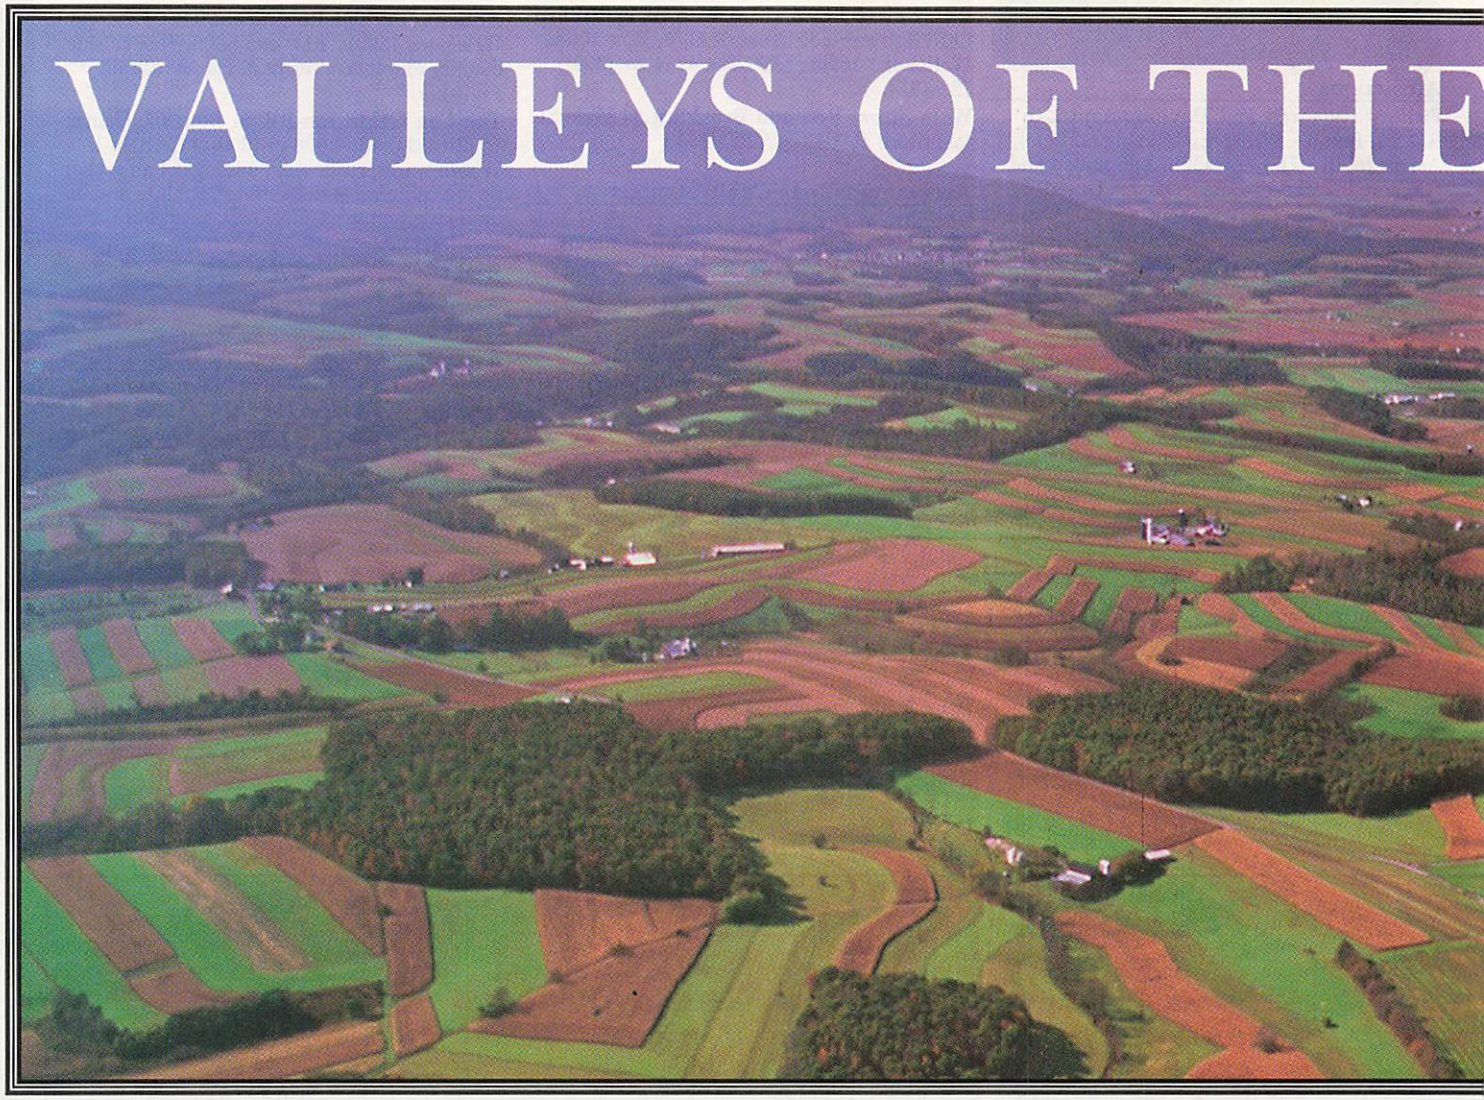
# VALLEYS OF THE



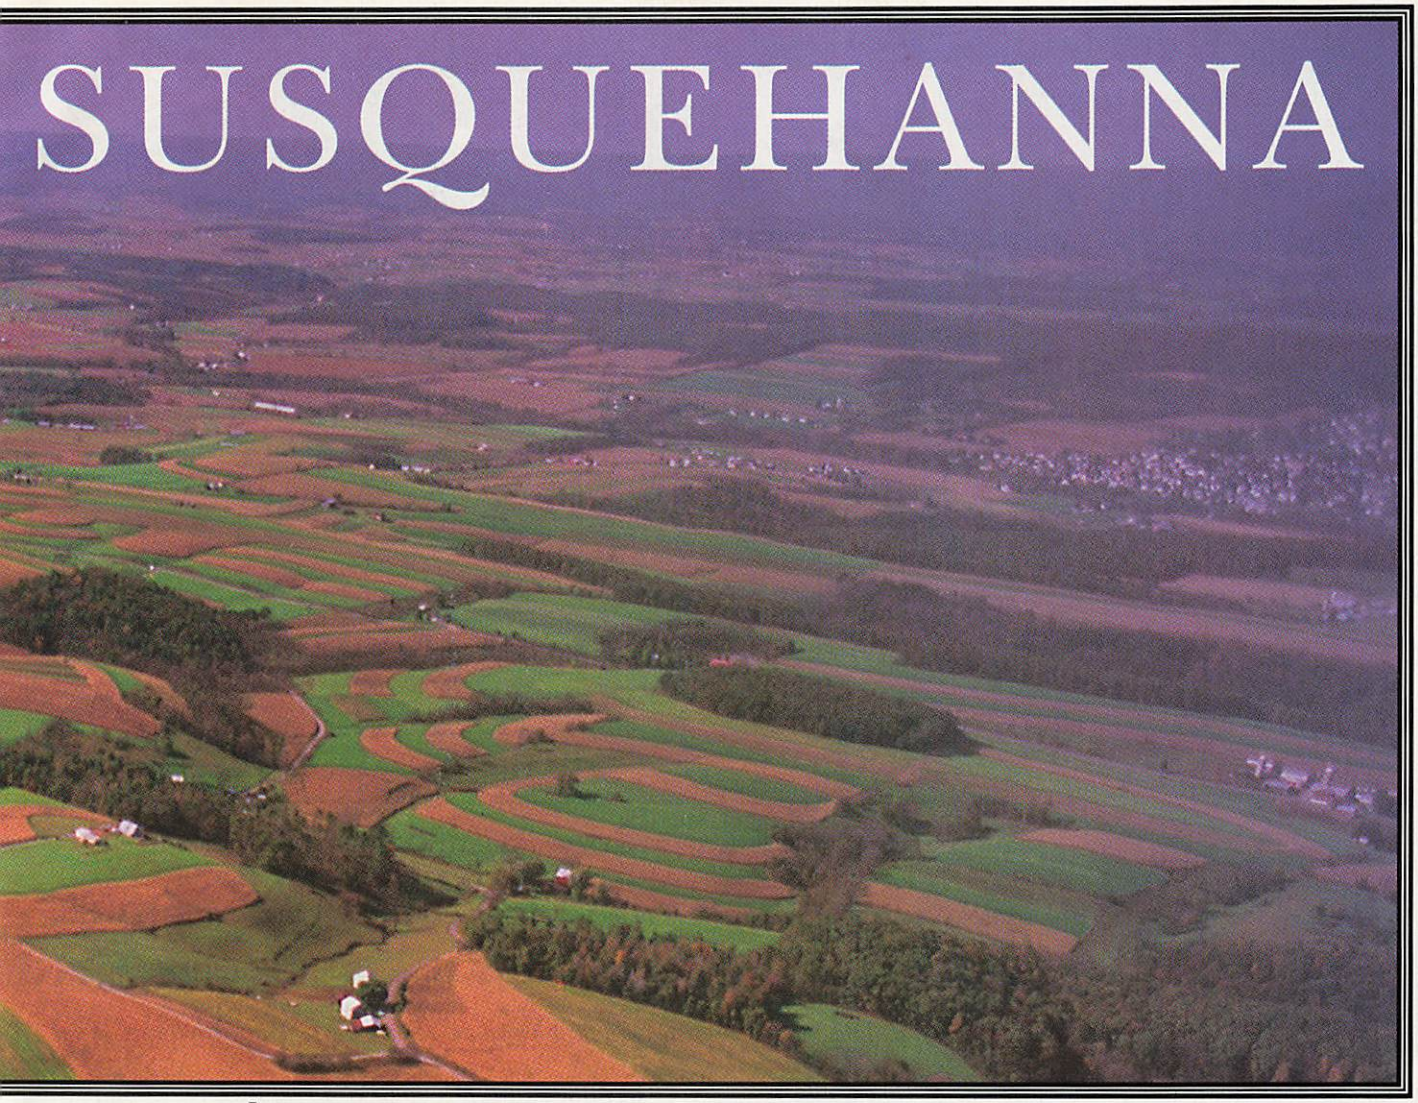
## *Dear Timothy,*

*Your grandfather and I are on our annual vacation to the Susquehanna Valley. It is more beautiful each time we visit, with its colorful towns and spectacular views along the Susquehanna River. We couldn't wait to relax aboard the Hiawatha, a paddle-wheeled riverboat that carries passengers down the river in Williamsport. It is so peaceful.*

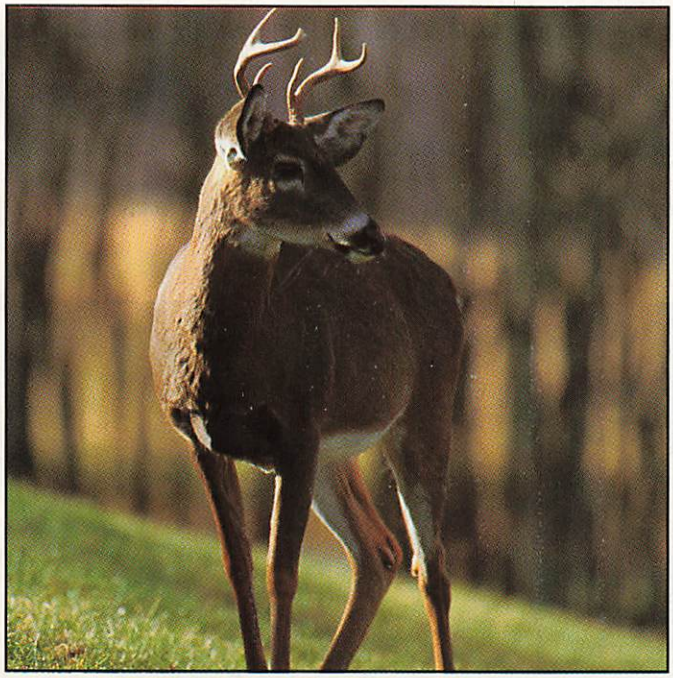
*These river towns like Lock Haven, Selinsgrove and Lewisburg must be really proud of their history — all the buildings and streets are extremely well-kept. The townspeople share their past*

ENJOY A TROLLEY RIDE DOWN MEMORY LANE.

# SUSQUEHANNA



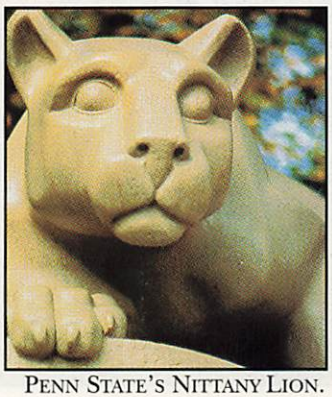
LIKE PATCHES OF A QUILT, THE FARMLANDS, SMALL TOWNS AND NATURAL BEAUTY ARE WOVEN TOGETHER TO CREATE THE VALLEYS OF THE SUSQUEHANNA.



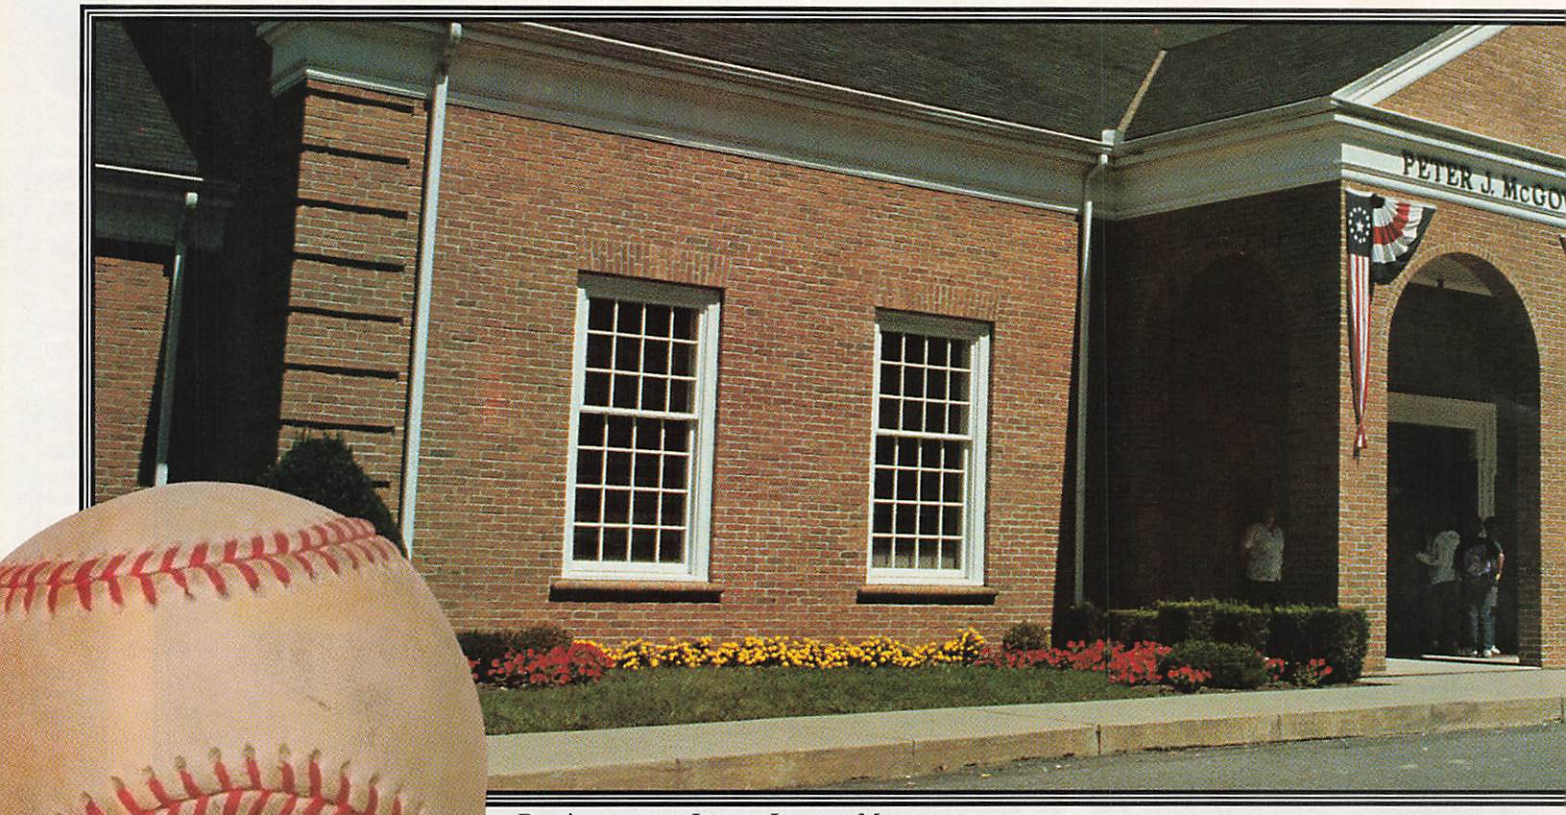
WILDLIFE, SPORTING AND SIGHTSEEING OPPORTUNITIES ARE ABUNDANT.

*with all of the visitors so graciously, and the small shops and boutiques are wonderful.*

*The landscape here is such a nice change for us! We've seen glorious old mills, grand Victorian houses (like the one on the postcard we sent you last year), and lots of covered bridges. There aren't many covered bridges left in this country, so it's a*



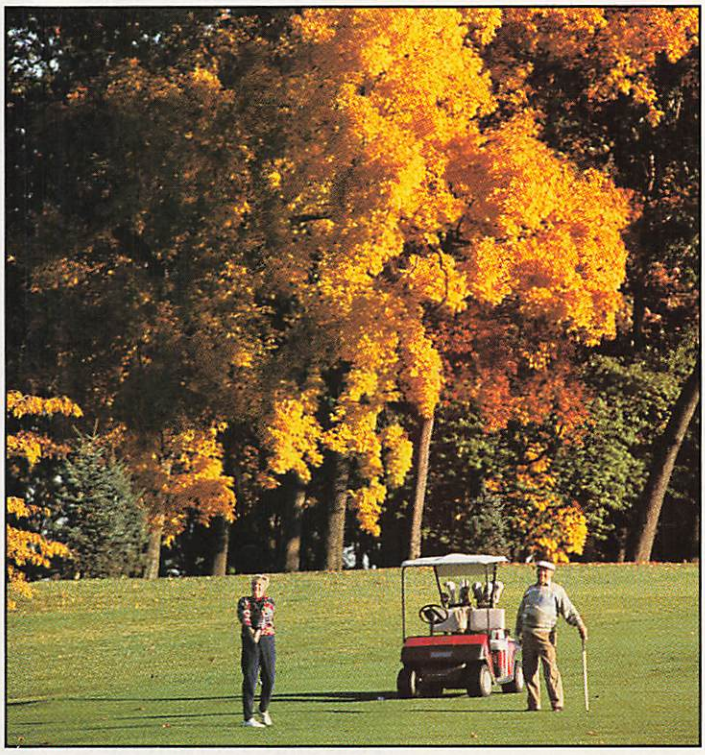
PENN STATE'S NITTANY LION.



DON'T MISS THE LITTLE LEAGUE MUSEUM
AS THEY PREPARE FOR THE 50TH ANNIVERSARY OF THE LITTLE LEAGUE WORLD SERIES.

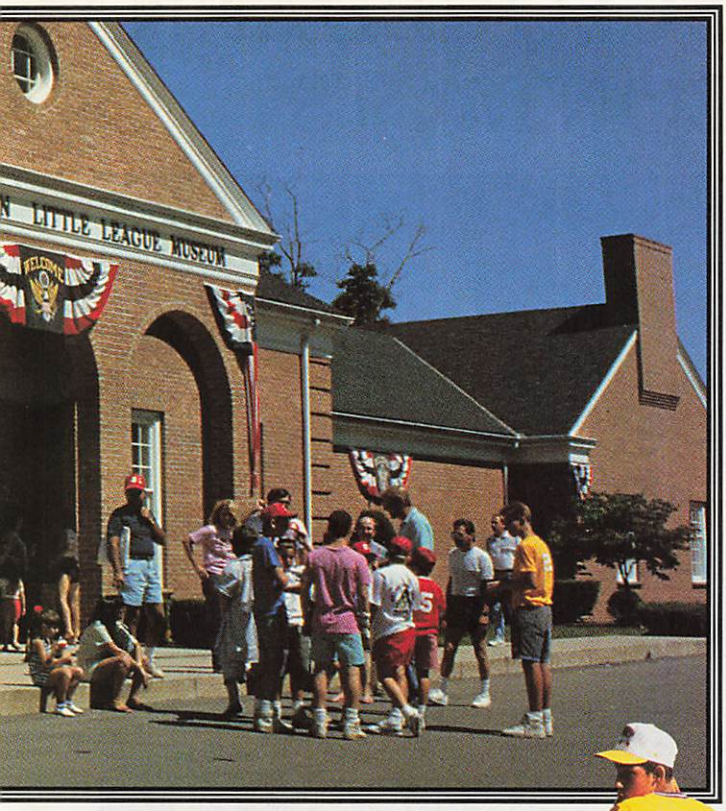
*real treat to see so many. But then again, this area has so many unique things about it. Like the Amish and Mennonites who still work the farms here. How would you like to do that for a summer? (Don't worry, we won't suggest it to your mom and dad!) But, we will suggest that they bring you out here for a farm vacation. There are so many fun things to do!*

*In Juniata, Mifflin and Perry Counties, fairs and festivals take place year-round. Your mother could spend days exploring the antique shops throughout Bloomsburg in Columbia County, while your father could tour the museums. There's professional theater there, too. Something we both really enjoyed was a tour of the home of Joseph Priestly, the man who discovered oxygen, in Northumberland County.*



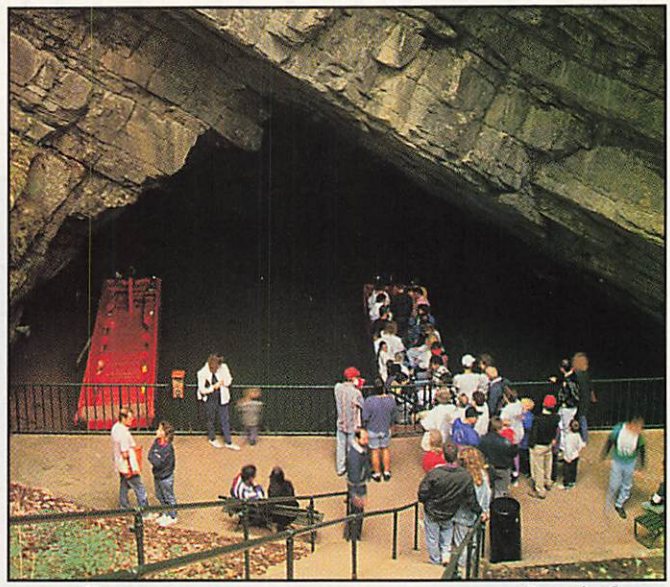
A PERFECT WAY TO SPEND AN AUTUMN DAY.

LET YOUR CREATIVITY RUN FREE AT THE ARTS FESTIVAL IN STATE COLLEGE.



*Grandpop can't wait to tell you all about Williamsport, where Little League baseball was born. Did you know that the 50th anniversary of the Little League World Series is in 1996? We even went to the Little League Museum's Hall of Excellence which honors former little-leaguers like Mike Schmidt and Nolan Ryan. Nearby are the stately mansions of Millionaires' Row that pay tribute to the area's vast lumber industry, which helped fuel America's expansion to the West in the 1800s. That was even before our time!*

*Let's see . . . what haven't I told you about yet? Well, tonight we're spending the night in Centre County, which as you should know, is home to the Nittany Lions, Pennsylvania State University's football team. One of Pennsylvania's largest arts festivals is held in State College every summer and that's what we'll be doing tomorrow. Then we're going to see the Boal*



EXPLORE THE UNDERGROUND WONDERS AT PENN'S CAVE.

*Mansion in Boalsburg, which showcases the Columbus Chapel, which actually belonged to Christopher Columbus' family in Spain and contains heirlooms dating back to the 1400s. (Now that's really before our time!)*

*What you would really enjoy is Big Woods Country in Clinton County because it's a perfect place to hike, canoe, hunt, snowmobile and cross-country ski in a completely unspoiled setting. The land is just beautiful.*

*There's more to do and see each time we're here. I can't wait to come back again next year. We'll speak to your mom and dad about bringing you with us then. Grandpop sends his love and says to "keep up your batting practice".*

*Lots of Love,*

*Grandmom*

With some help from our snowmaking machines, Pennsylvania's mountains are always covered in white. Our ski resorts are easily accessible by major highways, so the round trip is quick and comfortable. ## ALL-TERRAIN VEHICLES

There are 168 miles of designated ATV trails on the Pennsylvania state forest land open for use from Memorial Day weekend until September 24th. These trails are designated for beginning and intermediate riders. During the same time period, the Allegheny National Forest has 106 miles of trails open for ATVs. There are no ATV trails in state parks. Four of the trail systems on state forest land re-open with a total of 105 miles for winter ATV riding from the day after antlerless deer season until April 1.

All ATVs used in Pennsylvania, except those operated exclusively on the property of the owner, must be titled and registered with the Department of Conservation and Natural Resources Snowmobile/ ATV Unit listed below. Applications for title and registration are available from the Snowmobile/ATV Unit, ATV dealers and Forest District Offices. An ATV registered in a state that accepts Pennsylvania's registration does not need to be re-registered in Pennsylvania.

## HIKING

Pennsylvania means "Penn's Woods," and with 58 percent of the Commonwealth covered in forest, it's not difficult to see how we came by that name. Most of the hundreds of miles of hiking trails allow you to walk in these woods, magnificent in any season. There's a trail in Pennsylvania to suit any hiker. Most are blazed with directional markings on rocks and trees. Sponsoring agencies can provide you with maps and guidebooks showing springs and camping areas.

*For more information, contact the Department of Conservation and Natural Resources, Bureau of State Parks, P.O. Box 8551, Harrisburg, PA 17105-8551, or call 1-800-63-PARKS.*

## HUNTING

Pennsylvania has one of America's best managed and largest white-tailed deer populations. But there's more than deer afield. Sportsmen can also expect to find excellent wild turkey and black bear hunting in most sections, not to mention good populations of upland game such as ruffed grouse, squirrels and cottontails. Good waterfowl hunting is also available along the state's waterways and on its many marshes. Annually, the Game Commission releases more than 200,000 ring-necked pheasants.

In addition to substantial game populations, Pennsylvania also offers millions of acres where public hunting may be pursued. This land includes more than a million acres of state game lands, two million acres of state forest land, four million acres of private land enrolled in Game Commission public access programs, and the half million acres comprising the Allegheny National Forest.

*For more information about hunting licenses, regulations and where to go hunting, write the Pennsylvania Game Commission, Department MS, 2001 Elmerton Ave., Harrisburg, PA 17110-9797, or call (717) 783-7507.*

## PENNSYLVANIA'S COUNTRYSIDE

Pennsylvania's pastoral rural counties offer countless options for the vacationer. Enjoy outdoor activities, explore quaint villages and historic sites, or just relax and take in the scenic beauty of the Pennsylvania countryside.

So when you're off the beaten path, you're on to something wonderful, because some of Pennsylvania's greatest treasures are tucked away in the lesser-known parts of our beautiful Commonwealth.

Pennsylvania boasts an impressive total of 114 State Parks, one of the largest systems in the country. These 277,000 lush acres are a paradise for sportsmen, campers, boaters, bikers, hikers or anyone seeking a scenic spot to spread a picnic lunch.

Fishermen are hooked on Pennsylvania, too. And with good reason: thousands of acres of lakes, rivers and streams drench the landscape here. What's the catch? Trout, walleye, pike, muskie and lots, lots more.

A wrong turn in Pennsylvania often turns out for the best. You may find yourself in one of our small towns, where life revolves around a bustling town square.

And chances are, you'll be in no hurry to find your way back. You'll want to poke around the antique and craft shops. Sample fresh cider at a farmer's market. Stroll around the town and chat with the locals.

Maybe you'll even spend the night, resting peacefully beneath a patchwork quilt on a big brass bed at a cozy country inn. You'll wake up to the aroma of fresh bread and cinnamon coffee. After breakfast on the sunny porch, you'll be on your way.

*If you'd like to learn more about the wonders of Rural Pennsylvania, send for a free color brochure, full of attractions and activities in the parts of Pennsylvania you might not know yet. Write to: Rural Pennsylvania, P.O. Box 2150, Warrendale, PA 15086.*

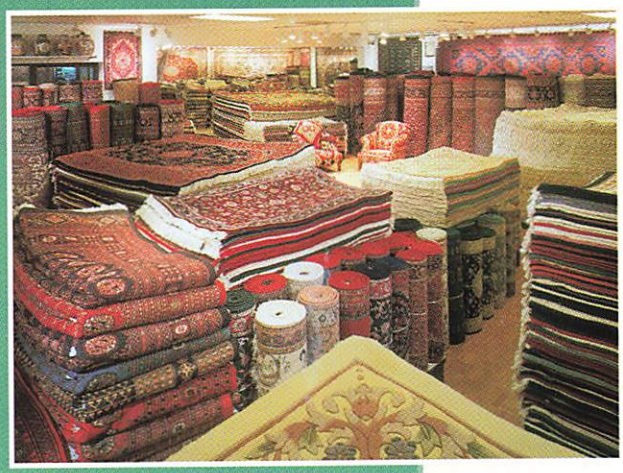
# WHOLESALE RUG OUTLET



Buying a rug at Wholesale Rug Outlet is a pleasurable experience - unlike the majority of stores, fake auctions, and fraudulent "going out of business" sales where the high pressure "Persian Treatment" is used - confusing and intimidating the customer into buying. At Wholesale Rug Outlet our courteous staff of professionals is always here to help you select the Oriental Rug of your choice, helping with room size, color, design, and quality.

Keep in mind that rugs by the same name and appearance can vary greatly in quality. At Wholesale Rug Outlet we buy only the highest quality of each type available. One of our staff has selected *every* rug we sell. In all our years in business we have never purchased blind lots, damaged goods, parcels or unopened bales, assuring you only *First Quality* Oriental Rugs at *low outlet prices*. Even if you are "just looking", one of our educated professionals will be happy to help you by answering any questions you may have.

Every rug we sell is a genuine handmade *First Quality* Oriental. We have never sold a machine made imitation. We sell only the finest handmade Oriental Rugs at less than name brand machine made copies such as "Karastan" and "Couristan"!

Because of our large volume we are able to purchase our rugs at a much lower cost than other wholesalers, intermediaries, and retail stores. This allows us to pass on to *You*, the customer, *First Quality* Oriental Rugs at truly low outlet prices. It is this along with our service before and after the sale that has made us one of the largest dealers in Oriental Rugs in America.

Certificates of Authenticity along with care and cleaning guides are provided with every rug we sell if so desired, adding an extra touch to the professional services offered at Wholesale Rug Outlet.

We are now open seven days a week for your shopping convenienc, and located in the heart of Historic Pennsylvania Dutch Country, with over 300 discount outlets nearby-why not make a day of it!

In closing, we ask that you compare our rugs, our *low outlet prices*, and our service. We are confident that you will find that future family heirloom at Wholesale Rug Outlet.
